II.2.4. Description of the procurement

The framework agreement (co-procurement contract) will cover the contracting authority's need for redesign and repair of furniture and fixtures. The contracting authority's need for the services is varied and spans from, amongst other things, schools, nurseries, health institutions, and office premises, to park areas.

- Redesign: To give a new look or new function to furniture and fixtures

There is furniture and fixtures in Oslo Municipality's entities that has either fulfilled its need, or for which there is no longer a need in its current condition. We would therefore like to redesign relevant furniture and fixtures into products that cover new or other needs for furniture and fixtures. Tenderers must be able to design and execute the work, and will have the final liability for the delivered product. The work can be carried out by the tenderer, or through/in collaboration with sub-supplier(s).

- Repairs: Various repair services for furniture and fixtures

There is furniture and fixtures in Oslo Municipality that requires repairs. We would therefore like to repair the relevant furniture and fixtures so that the lifetime of the products is extended. The need is mainly connected to the repair of modern/industry produced furniture and fixtures, but there can also be historical/antiquarian furniture and fixtures.

Repairs will include services within recovering and refilling furniture, seams/industry seams, wood and cabinet maker services, (simple) metal work, and minor glass work, as well as other services that have a natural connection to the above-mentioned services.

Tenderers are not required to be able to carry out all of the listed services, but a tenderer must, either themselves, or through/in collaboration with sub-supplier(s) be able to carry out at least one of the following:

- Redesign (including design/sketches and execution of the work)
- Furniture upholstery
- Cabinet maker services
- Other services that are mentioned above or that are closely connected to the mentioned services.

The co-procurement contract will have an annual estimated value of NOK 7 million - NOK 10 million. Attention is drawn to the fact that the estimate is very uncertain, and is only a guideline as this is a completely new contract.
