Electronic submission: Not allowed

Justification for why electronic submission is not possible: Tools, devices, or file formats not generally available

Description: Considering article 14, § 2, °1 of the Law of 17 June 2016 on public procurement, it would not be appropriate to impose the obligation to use electronic means of communication referred to in article 14, § 7, of the Law of 17 June 2016 on public procurement. The nature of this public contract is such that national or regional economic operators do not have equal access to the requirements linked to the use of the Belgian federal “e-Procurement” platform. The technical characteristics can therefore be discriminatory and can restrict the access of economic operators to the procurement procedure, in particular, in terms of speed and quality of the internet connection, as well as the quality of the electricity transport network. In addition, the particular forms provided by this platform from the point of view of electronic signature are not yet compatible with the ICT generally used.
