Germany – Planting and maintenance services of green areas – Planting of Seagrass for Ostwind 3 Offshore project between KP18.1-18.4

OJ S 190/2026 01/10/2026

Contract or concession notice – standard regime

Services

1. Buyer

1.1. Buyer

Official name: 50Hertz Offshore GmbH

Email: andre.forbrig@50hertz.com

Activity of the contracting entity: Electricity-related activities

2. Procedure

2.1. Procedure

Title: Planting of Seagrass for Ostwind 3 Offshore project between KP18.1-18.4

Description: The main target for this operation is the planting of seagrass, either as a single plant or/and as a rope consisting plants. Employer is requesting the Bidder to submit a quotation for the execution of seagrass planting works. The designated location for the seagrass planting is at Ostwind 3 cable route between KP18.1 – 18.4, which is a 325m long and 7m wide (about 2300m²) corridor. Seagrass planting will require the following pre-requisites and follow-ups: A consolidated coarse sediment layer of approx. 20 - 30 cm thickness (engineered material), An execution plan, prepared early enough to achieve the permit in time A permit by authorities (STALU VP, WSA Ostsee), Sufficient plant material seagrass shoots (subject to availability, see details below) to be suitable for planting a harbor nearby (either Thiessow (8km), Freest (11km) or Lubmin (15km)) shall be used for hand-over of seagrass shoots/geotextile ropes with seagrass from Third Party supplier In case it is required the work area per operational day shall be first marked by rods/subsurface buoys attached to small ground weights prior to planting to allow for correct planting spatially and regarding shoot density/m². In case of non-fins-diving solutions it can be done different. shifting of work site day by day shall be enabled by installation of a remote-controlled sub-surface marker buoy with release system on last position of executed work, respectively work executed on previous days shall be inspected by means of underwater video (ROV or UW-drone) repeatedly General assumptions about the task: Total impact area to be restored will be ~2.300m² Work can be executed by divers in accordance with the requirements of DGUV Regel 101-023. Alternatively work can be executed by ROV, if the Contractor can proof the suitability of the technology by references Seagrass planting shall start (latest) on 1st of June 2027 and has to be completed by 31st of July 2027. Employer considers two alternative planting methods: (1) planting of single shoots (2) Installation of rotatable fabric ropes with incorporated shoots Suitable ropes ready for installation will be provided by an assigned manufacturer. Single shoot planting is the preferred procedure, but rope installation shall be implemented in parallel too. If you are interested in participating in the described procedure, please contact us by e-mail (andre.forbrig@50hertz.com) and express your interest in participating. With the expression of interest, we need the following information from you in order to be able to add you to the project in Ariba: - Full name of the company: - Address of the company: - V.A.T. Number: - Tax Number: - Commercial register number: In addition, I

need the contact details of the people who you should have access to the Ariba system: -
Name - E-mail address - Phone number
Procedure identifier: 3a14c7e0-db43-45a3-8d7c-d5e358d8e7e3
Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation
The procedure is accelerated: no

2.1.1. Purpose

Main nature of the contract: Services
Main classification (cpv): 77310000 Planting and maintenance services of green areas

2.1.2. Place of performance

Country subdivision (NUTS): Vorpommern-Greifswald (DE80N)
Country: Germany
Additional information: Boddenzone KP18.1 - KP18.4. (Greifswald)

2.1.3. Value

Estimated value excluding VAT: 800 000,00 EUR

2.1.4. General information

Additional information: In compliance with the principles of transparency and equal treatment, the Client may request applicants to submit missing company-related documents, in particular self-declarations, information, certificates or other evidence. Applicants are not entitled to a subsequent request for documents.

Legal basis:

Directive 2014/25/EU
sektvo -

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Notice
Participation in a criminal organisation: The reasons for exclusion mentioned here are not an exhaustive list of the reasons for exclusion. The final reasons for exclusion can be found in the procurement documents.

5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 77310000 Planting and maintenance services of green areas

5.1.2. Place of performance

Country subdivision (NUTS): Vorpommern-Greifswald (DE80N)

Country: Germany

Additional information: Bodden KP18.1-KP18.4. (Greifswald)

5.1.3. Estimated duration

Start date: 01/04/2027

Duration end date: 31/10/2027

5.1.4. Renewal

Maximum renewals: 1

5.1.5. Value

Estimated value excluding VAT: 800 000,00 EUR

5.1.6. General information

Reserved participation:

Participation is not reserved.

The names and professional qualifications of the staff assigned to perform the contract must be given: Not required

The procurement is covered by the Government Procurement Agreement (GPA): yes

This procurement is also suitable for small and medium-sized enterprises (SMEs): no

5.1.7. Strategic procurement

Aim of strategic procurement: No strategic procurement

5.1.9. Selection criteria

Sources of selection criteria: Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Submission of an extract from the commercial register

Criterion: Other economic or financial requirements

Description of selection criterion: We hereby declare that there are no grounds for exclusion pursuant to Sections 123 and 124 GWB on our company and in the case of a suitable loan from the borrowing company.

Criterion: References on specified works

Description of selection criterion: Submission of the duly completed form "Technical and Professional Capability (References)". The Bidder is not required to demonstrate all qualification requirements within a single reference project. The required experience may be demonstrated through one or several reference projects, provided that the overall set of references demonstrates the Bidder's capability to perform the Works. Marine Operations Demonstration of the following experience by means of one or more reference projects completed within the last five (5) years and comprising one or more of the following services: Marine works in coastal and/or offshore waters Diving, ROV and/or survey operations Installation works on the seabed Execution of works in environmentally sensitive marine environments Diving Services Demonstration of the following experience by means of one or more reference projects completed within the last five (5) years and comprising one or more of the following services: Commercial diving works in marine environments Diving operations performed in accordance with recognised diving standards (e.g. DGUV or equivalent) Dive management and supervision Vessel Operations Demonstration of the following experience by means of one or more reference projects completed within the last five (5) years and comprising one or more of the following services: Provision and operation of suitable work vessels Execution of works in shallow coastal waters Mobilisation and positioning of vessels and equipment during marine operations Environmental and Ecological Measures Demonstration of experience in environmental, ecological and/or habitat restoration projects by means of one or more reference projects completed within the last five (5) years. Relevant projects may include, but are not limited to: Seagrass restoration or transplantation Habitat restoration measures Shell reef or reef restoration Natura 2000 compensation measures Scientific, pilot or demonstration projects related to marine ecology The absence of direct seagrass restoration experience shall not automatically disqualify a Bidder, provided that the Bidder demonstrates relevant marine operational capabilities and provides suitably qualified personnel and methodology for execution of the Works. Qualified Personnel Demonstration of the following experience through the proposed key personnel who have participated in comparable projects within the last five (5) years: Project Manager (Marine Operations and/or Marine Ecology) Marine Ecologist and/or Marine Biologist Diving Operations Manager ROV Specialist and/or Vessel Master Experience of the proposed key personnel may be considered in addition to company reference projects. Experience obtained by key personnel while employed by previous employers or organisations may be recognised, provided that their involvement in the respective reference project is adequately documented.

Criterion: Certificates by independent bodies about quality assurance standards

Description of selection criterion: Proof of possession of a valid ISO 9001:2015 certification or equivalent

Criterion: Relevant educational and professional qualifications

Description of selection criterion: The personnel relevant to the execution of the contract who make oral or written contact with the client have a command of the German language at least at level C1 of the Common European Framework of Reference for Languages.

Criterion: Specific yearly turnover

Description of selection criterion: A declaration of total turnover and turnover in the field of activity of the contract to be awarded here for the years 2023, 2024 and 2025 must be submitted

Criterion: Certificates by independent bodies about quality assurance standards

Description of selection criterion: Proof of possession of a valid ISO 45001:2018 certification or equivalent (such as SCC)

Criterion: Certificates by independent bodies about environmental management systems or standards

Description of selection criterion: Proof of possession of a valid ISO 14001:2015 certification or equivalent

5.1.10. Award criteria

Description of the method to be used if weighting cannot be expressed by criteria: The award criteria are made up as follows: 50% - "Valuation Prize" 10% - "Contract" 40% - "Concepts" Further details can be found in the appendix "ACO-ENV-SGP Award Criteria".

5.1.11. Procurement documents

Languages in which the procurement documents are officially available: English

Deadline for requesting additional information: 16/10/2026 12:00:00 (UTC+02:00) Eastern European Time, Central European Summer Time

Address of the procurement documents: <https://eliagroup.sharepoint.com/:f/s/EFSS/EFSS/lgAt3bXEzMXASI9Efjks2a1iAfM3v7ngk5soTrbyrcxF2PI?e=oijszZ>

Ad hoc communication channel:

Name: Vergabepattform ARIBA

URL: <http://www.ariba.com>

5.1.12. Terms of procurement

Terms of the procedure:

Estimated date of dispatch of the invitations to submit tenders: 02/11/2026

Terms of submission:

Electronic submission: Required

Address for submission: <https://www.ariba.com>

Languages in which tenders or requests to participate may be submitted: English

Electronic catalogue: Not allowed

Variants: Not allowed

Tenderers may submit more than one tender: Not allowed

Deadline for receipt of requests to participate: 26/10/2026 18:00:00 (UTC+01:00) Central European Time, Western European Summer Time

Information that can be supplemented after the submission deadline:

No documents can be submitted later.

Terms of contract:

The execution of the contract must be performed within the framework of sheltered employment programmes: No

Conditions relating to the performance of the contract: For details, see contract

A non-disclosure agreement is required: no

Financial arrangement: See award documents

5.1.15. Techniques

Framework agreement:

No framework agreement

Information about the dynamic purchasing system:

No dynamic purchase system

5.1.16. Further information, mediation and review

Review organisation: Vergabekammer des Landes Berlin

Information about review deadlines: Deadlines for filing an application for review result from Section 160 (3) GWB. For the sake of clarification, this provision is reproduced in full. "The application is inadmissible to the extent that 1. the applicant has recognised the alleged infringement of procurement regulations before the application for review is filed and has not complained to the contracting authority within a period of ten calendar days; the expiry of the period under Section 134 (2) GWB remains unaffected, 2. Violations of procurement regulations that are recognisable on the basis of the contract notice are not reported to the contracting authority by the expiry of the deadline for application or submission of tenders specified in the contract notice at the latest, 3. Violations of procurement regulations that are only recognisable in the procurement documents are not complained of to the contracting authority by the expiry of the deadline for applying or submitting a tender at the latest, 4. more than 15 calendar days have elapsed after receipt of the contracting authority's notification that it does not wish to remedy a complaint.
