2.1. Procedure

Title: RING-26-01 Leasing tractors (new notice)

Description: Background and purpose Ringebu municipality intends to enter into a contract for leasing a new tractor. The procurement shall cover the contracting authority's need for a new, reliable and appropriate tractor for municipal use, in accordance with the requirement specifications. The tractor shall contribute to ensuring effective and reliable execution of the contracting authority's assignments and activities when this type of machine is necessary. The aim of the procurement is to have a tractor delivered and commissioned that fulfils the technical, functional and any operational requirements in the tender documentation, at the latest by 1 February 2027. It is important for the contracting authority that the delivery occurs by the deadline, so that the need for available and suitable equipment is taken care of without unnecessary interruptions in operations. Tenderers shall use their expertise and competence to offer a system that is adapted to the contracting authority's needs and contribute to the fulfilment of the contract's objective throughout the contract period. See the requirement specifications for a more detailed description of the contracting authority's needs and the requirements that are set for the delivery. The gender neutral preferred for the valuation of the trade-in tractor is Lars Da cathrine. Telephone number 91340205

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document

5.1.10. Award criteria

Criterion:

Type: Quality

Name: Suitability for offered tractors

Description: It is important for the contracting authority that the tenderer offers a tractor that is well suited for the municipality's use. The tractor is a workplace and it is important that it is user friendly and comfortable. Turning radius, clearness in the cabin, both for staff inside the cabin and in relation to clearly when driving, is important for the contracting authority. The requirement specifications will be assessed, where the overfilling will count positively. The contracting authority reserves the right to test drive the offered tractor in order to assess its suitability. The tractor shall be available for testing for 3-5 days (does not need to have specified extra equipment) including review/guidance at the start-up and gender neutral preferred in the test period.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 60

Criterion:

Type: Quality

Name: Climate and environment

Description: Cf. the Public Procurement Regulations § 7-9 Climate and environmental considerations in public procurements, the requirements and criteria shall aim at reducing the procurement's total climate footprint or environmental impact. In this procurement, it is the contracting authority's assessment that the goal is achieved best by setting requirements for the tenderer's qualifications and minimum requirements for the delivery's performance. Tenderers must have an environmental management system. The requirement for the tractor's environmental properties gives itself, as all newer tractors shall fulfil the last emission standard for this type of machinery. In this case it is step 5 motor that applies. Therefore we do not envisage that there is a basis for achieving better environmental qualities by evaluating the environment.
