#### **II.2.4. Description of the procurement**

The contract is for consultancy services for Bergen municipality. The contract will primarily include consultancy services for the areas organisation development and performance audit. Examples are reviews, training, guidance and process consultancy, strategic consultancy, analyses/control-related services, measures/impact assessments, research based evaluation reports as well as general consultancy services.

The consultancy services can include elements of assignments and/or assistance.

Limitation:

The consultancy services related to building and construction works as well as ICT are not included in the procurement scheme's area of application. The reason for this is that the municipality has separate framework agreements for these areas. Other framework agreements for consultancy services may also be included. Such services are not published in the scheme

New suppliers can continually qualify for participation in the system.

Only qualified suppliers will have access to the published contests.

In this stage of the process, interested providers can apply to be qualified and included in the dynamic purchasing system.
