Title: Qualification - Waste management for a national stand-by warehouse - Recycling
Description: Helse Sør-Øst RHF, on behalf of the regional health authorities, has been given responsibility for the management and operation of a national stand-by warehouse for infection protection equipment for up to 6 months consumption for use in the event of a crisis. The infection protection equipment continuously rolls to avoid the shelf life of the equipment expires as much as possible. The national contingency warehouse for infection control equipment needs contracts for waste management and recycling of products that have not been rolled and therefore expires on shelf life. We would like waste management to be carried out in a good environmental way, with a high degree of recycling of the products, in a cost efficient way. This procurement is for products that can be recycled; Infectious coats The agreement period is four years (2 + 1 + 1).
