2. Procedure

2.1. Procedure

Title: CircularPSP: Pre-commercial procurement (PCP) to buy R&D (research and development) services to develop a Public Service Platforms for Circular, Innovative and Resilient Municipalities.

Description: This contract notice invites interested operators to submit tenders to this PCP procurement. The procurement is open on equal terms to all types of operators that are established in EU Member States and Horizon Europe associated countries and that fulfil the requirements set out in section 3 of the Call for Tenders which defines the eligibility of tenderers, exclusion and selection criteria. The procurement aims to trigger new solutions to be developed and tested to address the following challenge: accelerating a digital transition towards a Circular Economy (CE). The procurers are willing to invest €5.64 million in Research and Development to address this challenge in their regions. This PCP is a joint procurement by different procurers across Europe that are all facing the same common challenge and are thus looking for similar solutions ('Buyers Group'). More information can be found on the CircularPSP website: <https://circularpsp.eu>

Procedure identifier: 39223c24-b14d-44ab-8cca-1bee5de12ff2

Previous notice: 786169-2023

Type of procedure: Open

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 73100000 Research and experimental development services

2.1.2. Place of performance

Town: Istanbul

Country subdivision (NUTS): İstanbul (TR100)

Country: Türkiye

2.1.3. Value

Estimated value excluding VAT: 5 640 000,00 EUR

2.1.4. General information

Additional information: Participation in the open market consultation that was held in the period of 9 May - 29 June 2023 as part of the preparation for this procurement is not a prerequisite for submitting a tender. This procurement is exempted from the WTO Government Procurement Agreement (GPA), the EU public procurement directives and the national laws that implement them. This is because it concerns the procurement of R&D services where the benefits do not accrue exclusively to the contracting authority for its use in the conduct of its own affairs.

Publication of this contract notice in the EU Official Journal is not to be understood as a waiver of this exemption. Publication is made on a voluntary basis and the procurement will not follow the procedures under the EU public procurement directives, but rather the procedure described in the tender documentation. The open procedure was chosen in Section IV.1.1) 'Procedure' for formal reasons only. This is because it is not possible to publish a contract notice without selecting one of the listed procedures. Offers shall be submitted in English. All communication (before, during and after the procurement) can be made in English. More

information See: – the project website (<https://circularpsp.eu>) – the open market consultation recordings and slide decks (<https://circularpsp.eu/open-market-consultation/>) – FAQs (<https://circularpsp.eu/faqs/>) – PCPs on the Europa website (<https://digital-strategy.ec.europa.eu/en/policies/innovation-procurement>) or contact: – <https://circularpsp.eu/contact-us/>
Legal basis:

Directive 2014/24/EU

This PCP is carried out by Istanbul Metropolitan Municipality who was appointed as lead procurer in the name and on behalf of the Buyers Group listed in I.1. The applicable national law is Turkish.

5. Lot

5.1. Lot: LOT-0000

Title: CircularPSP: Pre-commercial procurement (PCP) to buy R&D (research and development) services to develop a Public Service Platforms for Circular, Innovative and Resilient Municipalities.

Description: This PCP procurement is a joint procurement by different procurers across Europe that are all facing the same common challenge and are thus looking for similar solutions (so-called 'Buyers Group'). The common challenge to be solved by suppliers is Suppliers are to design, develop and test an innovative 'circular economy solution' (CE-solution) that enables municipalities and their staff as well as businesses in the local economy to apply circular practice more quickly, frequently, widely and effectively. Individual users at City and Business are empowered through access to information, knowledge, circular wisdom, guidance and training to act more circular more often and increasingly impactful whilst transitioning to a CE mindset. The procurement will take the form of a pre-commercial procurement (PCP) under which R&D service contracts will be awarded to a number of R&D providers in parallel in a phased approach. This will make it possible to compare competing alternative solutions. Each selected operator will be awarded a framework agreement that covers 3 R&D phases. Each selected R&D provider will be awarded a framework agreement that covers the following R&D phases and a specific contract per phase. The 3 phases are: solution design, prototype development, original development and validation and testing of a limited volume of first products or services. After each phase, intermediate evaluations will be carried out to progressively select the best of the competing solutions. The contractors with the best-value-for-money solutions will be offered a specific contract for the next phase. Testing in Phase 3 is expected to take place in Istanbul (Turkey), Berlin (Germany), Dublin (Ireland), Maribor (Slovenia), Guimarães (Portugal), Stockholm (Sweden), Helsinki (Finland) and London (UK). This testing may also serve as a first customer test reference for the contractors. Phase 3 is expected to start June 2025 and end May 2026. The selected operators will retain ownership of the intellectual property rights (IPRs) that they generate during the PCP and will be able to use them to exploit the full market potential of the developed solutions, i.e. beyond the procurement.

5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 73100000 Research and experimental development services

Additional classification (cpv): 30211300 Computer platforms, 72000000
