IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Regional Competence Centre for Medical Technical Equipment in the South Eastern Norway Regional Health Authority (RKMTU) has, together with Innlandet Hospital Trust, Oslo University Hospital Trust, and Sørlandet Hospital Trust, recently mapped available surgical robot technology. At the current time no manufacturers have been identified other than Intuitive Surgical Sarl that can see to the wanted spectrum of procedures within urology, gynaecology, and gastroenterology surgery. As this is a system that only one specific supplier can deliver, we believe that the term for making a procurement without a contest, cf. PPR § 13-4 letter b point 2, is fulfilled.
