Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

X-ray and x-ray equipment for Innlandet Hospital Trust

Reference number: 22/03997

II.1.2. Main CPV code

33124200 Radiodiagnostic devices

II.1.3. Type of contract

Supplies

II.1.4. Short description

Innlandet Hospital Trust, division Gjøvik, Lillehammer, department for picture diagnostics, would like tenders for the delivery and installation of x-ray and x-ray equipment for the department for picture diagnostics Lillehammer. The offered equipment must be an x-ray combo-lab with x-ray and it must have functionality that enables all traditional x-ray examinations such as gastrointestinal, urogenital, biliary passages, neurological, as well as various joint injections. The laboratory will also be used for skeleton examinations such as back, shoulder, hip, thorax, and small skeleton. In addition to the equipment and installation, the delivery also includes the necessary training and maintenance. For further information please refer to the tender documentation and annexes.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

33111000 X-ray devices, 33111800 Diagnostic X-ray system

II.2.3. Place of performance

NUTS code: NO Norge

Main site or place of performance: Lillehammer

II.2.4. Description of the procurement

Innlandet Hospital Trust, division Gjøvik, Lillehammer, department for picture diagnostics Lillehammer, would like tenders for the delivery and installation of x-ray and x-ray equipment for the department for picture diagnostics Lillehammer. The offered equipment must be an x-ray combo-lab with x-ray and it must have functionality that enables all traditional x-ray examinations such as gastrointestinal, urogenital, biliary passages, neurological, as well as various joint injections. The laboratory will also be used for skeleton examinations such as back, shoulder, hip, thorax, and small skeleton. In addition to the equipment and installation, the delivery also includes the necessary training and maintenance. For further information please refer to the tender documentation and annexes.

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

1. Tenderers must be a legally established company. Norwegian Tenderers must provide an updated company register certificate. Foreign tenderers must provide authorisation(s) for statutory registration in the country where the company is established.
2. Norwegian tenderers must attach a tax certificate (certificate for tax, payroll tax and VAT), not older than 6 months from the deadline for receipt of tenders. The tax certificate can be ordered and downloaded from Altinn. If this is not possible, it can be ordered from the tax collector or the Norwegian Tax Administration. The certificate is electronically certified and is therefore not signed. Tenderers must account for any arrears.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

1. Tenderers must have sufficient economic and financial solidity to fulfil the contractual obligations.

Minimum level(s) of standards possibly required:

1. The contracting authority will evaluate the tenderer's fulfilment of the qualification requirement in the following manner: Credit evaluation.

If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial capacity with another document, including for example a parent company guarantee, bank guarantee, etc.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1. Tenderers must have very good qualifications and capacity, related to the contractual obligations.

2. Tenderers must, when the tender is submitted, as a minimum be in the process of establishing methods for quality assurance, environment management, as well as be a member of a recycling scheme.

Minimum level(s) of standards possibly required:

- 1.1 Tenderers must provide an overview of key persons with relevant qualifications who will be responsible for any contract execution.

- 1.2 Tenderers must present a list of deliveries of the offered equipment or comparable equipment to hospitals preferably in Norway, Sweden, Denmark, or Europe. The list must include information on the value, date, and name of the recipient.

- 2.1 Tenderers must document their quality assurance system. (Can refer to a relevant European standard series or equivalent).

- 2.2 Tenderers are to describe their environment management system that sees to the requirements for a low impact on the environment, or present documentation of ISO-14001 certification or equivalent.

2.3 If Norwegian tenderers (manufacturer or importer) use packaging, documentation must be submitted, at the latest by the tender deadline, which confirms that the tenderer is a member in a recycling scheme or that they fulfil the obligations through their own recycling scheme with their own scheme for final treatment where the packaging is taken care of in an environmentally sound manner. Proof of membership in a recycling scheme is to be attached.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

See the tender documentation and annexes.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure
