II.2.4. Description of the procurement

NFI wants to develop a new website for nfi.no to meet the goals of the corporate strategy and action plan for communication. In addition, we find it necessary to reorganise the website in order to meet user needs. The website must also meet accessibility requirements, be GDPR compliant and be adapted for multiple language versions.

The goals of the new website are:

- To ensure a good user experience for defined target groups
- For users to be able to quickly and efficiently do what they came to do on the website
- To establish the website as a useful information channel for our target groups
- Create a flexible system that is future-oriented and that can be easily developed further

The delivery will also involve ensuring good integrations with third-party systems such as the professional systems we use today, but also with any new third-party systems proposed by the tenderer.

A CMS and operating platform will also be included in the delivery, and NFI would like to enter into a separate operation and maintenance agreement with the chosen tenderer.

Further information on the procurement is provided in the annexes to the tender documentation.

A detailed description of the delivery is provided in Annex 1 - the Contracting Authority's Requirements Specification.
