### II.2.4. Description of the procurement

The framework agreement will cover the defence sector's need for workwear, protective clothing, and protection equipment for many different types of work, for example within:

- Electrical work
- Plumbing work
- Welding
- Painting work
- Carpentry work
- Mechanical work
- Salvage work (with a strict need for visibility), etc.
- Cleaning work

The contracting authority has, thus, a need for a broad spectrum of products with and without a logo within the framework agreement's product groups that tolerate tough and frequent use and that provide good protection in demanding environments.

Furthermore, the contracting authority has a need for associated services, for example, adding a logo, supplier-managed stock, and scanning and measuring feet in order to find the correct sole, work shoes, and/or protective shoes for the final users.

Products and services must be delivered to all of the Contracting Authority's locations. See [www.forsvaret.no/fakta/tjenestesteder](http://www.forsvaret.no/fakta/tjenestesteder) for an overview of the Contracting Authority's locations.

The tenderer must, in accordance with the framework agreement, deliver workwear, protective clothing, protection equipment, and associated products and services within the following product groups:

- 1) Clothing
- 2) Footwear
- 3) Head protection
- 4) Hearing protection
- 5) Hand protection
- 6) Body protection
- 7) Eye protection
- 8) Respiration protection and masks
- 9) Logo and text

The framework agreement has an estimated value of NOK 180 million excluding VAT during the maximum period of the framework agreement including all options, and a maximum value of total NOK 300 million excluding VAT during the maximum period of the framework agreement including all options

See Part II (General Contract Provisions), Appendix B (Requirements Specification), and Appendix D (Requirements and Price Matrix) for further information on the scope of the framework agreement.
