Public order and safety

---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Average speedometers with and without video recorders

Reference number: 23/46862

**II.1.2. Main CPV code**

34970000 Traffic-monitoring equipment

**II.1.3. Type of contract**

Supplies

**II.1.4. Short description**

Average speedometers with and without video recorders for permanent mounting on police vehicles, including cars and motorcycles.

**II.1.6. Information about lots**

This contract is divided into lots: no

**II.1.7.**

## **Total value of the procurement**

Value excluding VAT: 6 000 000,00 NOK

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

34971000 Speed camera equipment, 35200000 Police equipment

#### **II.2.3. Place of performance**

NUTS code: NO Norge

Main site or place of performance: JAREN

#### **II.2.4. Description of the procurement**

Average speedometers with and without video recorders for fixed installation in patrol vehicles. Including a need to supplement and complete available instruments for vehicles and motorcycles. The current average speedometers use sensor-based technology for measuring distance over time, either from the vehicle's own sensors or external sensors. These systems are installed in patrol vehicles or motorcycles to calculate the average speed over a given distance. The Norwegian Police Shared Services (PFT) has carried out a RFI on behalf of the Norwegian police for average speedometers with and without video recorders for permanent mounting on the Norwegian Police's vehicles. Cf. Doffin reference 2023-695548 and TED reference [2023/S 054-158192](#). The purpose of the RFI was to receive an update from the market on relevant products and potential suppliers that can cover the police's need for this product area. The RFI only found one supplier that can cover the current need. See the voluntary ex-ante transparency notices 2023-651457 and [2023/S 209-659376](#).

#### **II.2.5. Award criteria**

Cost criterion - Name: N/A / Weighting: 100

#### **II.2.11. Information about options**

Options: no

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

## **Section IV: Procedure**

---

### **IV.1. Description**

#### **IV.1.1. Type of procedure**

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The procurement falls outside the scope of application of the directive

Explanation:

The Norwegian Police Shared Services (PFT) has carried out a RFI on behalf of the Norwegian police for average speedometers with and without video recorders for permanent mounting on vehicles. Cf. Doffin reference 2023-695548 and TED reference [2023/S 054-158192](#). The purpose of the RFI was to receive an update from the market on relevant

products and potential suppliers that can cover the police's need for this product area. Responses to the RFI and the contracting authority's other information of the market indicate that there is currently only one supplier that can deliver and cover the need for supplementing and completing the instrument park of average speedometers with and without video recorders for the Norwegian Police's cars and motorcycles. The police currently has a framework agreement with Palmenco AB for average speedometers with and without video for fixed installation in vehicles/on MCs. The framework agreement is expected to be renewed for up to 2 years from 11.02.2024. There was also a voluntary ex-ante transparency notice in accordance with the public procurement regulations §21-5, cf. notices 2023-651457 and [2023/S 209-659376](#),. No objections were received regarding the signing of the contract. As only one supplier can meet the need, the conditions for procurement without a call for tender in accordance with the PPR §13-4 b) 2 are considered fulfilled.

#### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

#### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

### **IV.2. Administrative information**

#### **IV.2.1. Previous publication concerning this procedure**

Notice number in the OJ S: [2023/S 209-659376](#)

#### **IV.2.8. Information about termination of dynamic purchasing system**

#### **IV.2.9. Information about termination of call for competition in the form of a prior information notice**

## **Section V: Award of contract**

---

**Contract No:** 1

**Title:**

Average speedometers with and without video recorders

A contract/lot is awarded: yes

### **V.2. Award of contract**

#### **V.2.1. Date of conclusion of the contract**

26/09/2023

#### **V.2.2. Information about tenders**

Number of tenders received: 1

The contract has been awarded to a group of economic operators: no

#### **V.2.3. Name and address of the contractor**

Official name: Palmenco AB

Town: Borås

NUTS code: SE Sverige

Country: Sweden

The contractor is an SME: yes

#### **V.2.4. Information on value of the contract/lot**

Total value of the contract/lot: 6 000 000,00 NOK

## V.2.5. Information about subcontracting

### Section VI: Complementary information

---
