1. Buyer

1.1. Buyer

Official name: Oslo kommune v/ Bymiljøetaten

Email: postmottak@bym.oslo.kommune.no

Legal type of the buyer: Body governed by public law, controlled by a local authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Market survey 99-BYM-2026 - Framework agreement for planning and engineering design of transport measures.

Description: The Agency for Urban Environment is planning the procurement 99-BYM-2026 - Framework agreement for planning and engineering design of transport measures. The new framework agreement shall replace the following existing framework agreements: · 81-BYM-2022 - Framework agreement for engineering design services for road, street and urban space projects, which expires 4 June 2027. See further information on the framework agreement for the doffin.no [\[http://doffin.no\]](http://doffin.no) [\[http://doffin.no%5D\]](http://doffin.no%5D): Parallel framework agreements for planning and engineering design services for road, street and urban space projects - 81-BYM-2022 (a new tender notice) | Doffin, Public Procurement Database [\[https://doffin.no/notices/2023-632383\]](https://doffin.no/notices/2023-632383) [\[https://doffin.no/notices/2023-632383%5D\]](https://doffin.no/notices/2023-632383%5D) · 1-BYM-2021 - Framework agreement for engineering design services for municipal infrastructure for urban development areas, which expires 16 September 2027 (+ a one year option). See further information on the framework agreement on the doffin.no [\[http://doffin.no\]](http://doffin.no) [\[http://doffin.no%5D\]](http://doffin.no%5D): Framework agreement - Engineering design services for municipal infrastructure for urban development areas | Doffin, Public Procurement Database [\[https://doffin.no/notices/2021-333250\]](https://doffin.no/notices/2021-333250) [\[https://doffin.no/notices/2021-333250%5D\]](https://doffin.no/notices/2021-333250%5D) As part of the preparation of the procurement, the contracting authority would like input from the market on how the competition ought to be designed, particularly in relation to qualification requirements, award criteria and other conditions that can contribute to an appropriate competition and good goal achievement throughout the contract period. The contracting authority is particularly interested in input on how the tenderers' competence, implementation ability and expected delivery quality can be best assessed in the competition. Tenderers are therefore encouraged to take the time to answer the questions below. If you have other input, recommendations or experiences from equivalent framework agreements that you believe may be relevant for the pending procurement, these will be often received in addition to the answers to the questions. We also encourage tenderers to refer to examples of competitions or framework agreements that, according to their assessment, have worked particularly well. See the attached invitation to the market survey. The deadline for submitting replies is 02.11.2026(12:00). Responses are requested to be sent through the message function in Artifik.

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71000000 Architectural, construction, engineering and inspection services

Additional classification (cpv): 71320000 Engineering design services, 71311000 Civil engineering consultancy services, 71300000 Engineering services, 71322000 Engineering design services for the construction of civil engineering works

2.1.2. Place of performance

Country subdivision (NUTS): Oslo (NO081)

Country: Norway

2.1.4. General information

Legal basis:

Directive 2014/24/EU

3. Part

3.1. Part: PAR-0000
