Section VI: Complementary information

VI.3. Additional information

Multi-party framework agreement contracts will be awarded primarily using the cascade solution, with mini tenders operating as required. Contracts can be awarded through application of the cascade method, whereby contracts are awarded on foot of the original tenders to the first ranked firm admitted to the framework agreement. Where they are not able to deliver the contract, the next ranked firm will be approached moving in ranked order through the Framework Members until the contract is awarded. Through invitation to a mini-tender of all the firms admitted to the framework agreements. On each occasion, a Supplementary Request for Tender will be issued detailing the scope of requirements, the award criteria, a closing date and time and methodology for submission of responses.

Contracts will be drawn down as specified above across all categories listed as follows:

- Lot 1 General Classroom Furniture
- Lot 2 Office and Learning Environment Furniture
- Lot 3 White Boards / Notice Boards
- Lot 4 Steel Lockers and Presses
- Lot 5 Specialist Classrooms
- Lot 6 Canteen Furniture
- Lot 7 Library
- Lot 8 Staging and Tiered Seating
- Lot 9 Primary School Furniture

5) This is the sole call for competition for these frameworks. Please note the maximum number being admitted ranges from 5 to 7 depending on the lot and subject to that number qualifying for each lot.

6) The contracting authority will not be responsible for any costs, charges or expenses incurred by candidates or tenderers.

7) Contract award will be subject to the approval of the competent authorities.

8) It will be a condition of award that the successful tenderer is and remains tax compliant.

9) At its absolute discretion, the contracting authority may elect to terminate this procurement process, the framework agreement or any contract awarded under the framework agreement at any time.

10) Please note in relation to all documents, that where reference is made to a particular standard, make, source, process, trademark, type or patent, that this is not to be regarded as a de facto requirement. In all such cases it should be understood that such indications are to be treated strictly and solely for reference purposes only, to which the words "or equivalent" will always be appended.

11) Without prejudice to the principle of equal treatment, the contracting authority is not obliged to engage in a clarification process in respect of the procurement documents with missing or incomplete information. Therefore, respondents are advised to ensure that they return completed documentation in order to avoid the risk of elimination from the competition.
