II.2.4. Description of the procurement

Based on previous statistics, the entire contract value is estimated to be approx. NOK 46 million over 6 years for buried containers and electronics.

The framework agreement will be valid for 2 years, with a unilateral option for the contracting authority to extend the framework agreement for 2+2 years. The reason for having a longer contract period for the framework agreement is the complexity, system, and resource use with the accompanying costs for changing components and system. All estimates are given according to the contracting authority's best judgement for the contract period. The limit for the framework agreement is set to maximum 25% increase of the stated value for the entire contract period including options. For more information about the procurement content and scope, see the procurement documents.
