Section II: Object

II.1. Scope of the procurement

II.1.1. Title

County road 2300 Environment Street Gran

Reference number: 21/64354

II.1.2. Main CPV code

45000000 Construction work

II.1.3. Type of contract

Works

II.1.4. Short description

County road 2300 environment street Gran is located in Gran Municipality and will be part of county road 2300. The road will functions a diversion road for national road 4 Gran Tunnel. The development plan was finally adopted on 13 June 2013. The plan is mainly built on the municipal sector plan for the town centre. This involves county road 2300 partially lying in a

new route (south) and partially in the previous route for national road 4 (north) through the centre of Gran. The southern, flat part of the planning area was previously bog and very bad ground conditions.

County road 2300 environment street Gran is planned to be constructed with a normal width of 6.5 m. In addition there will be a foot and cycle path + a pavement, as green verges. The road will be dimensioned with a street design suitable for a 40 km/h speed limit and an annual daily traffic count of 6000 vehicles/day. This involves principle solutions with partially mixed traffic and road crossings.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 47 024 525,00 NOK

II.2. Description

II.2.2. Additional CPV code(s)

45000000 Construction work

II.2.3. Place of performance

NUTS code: NO020 Innlandet

Main site or place of performance: Gran, Norway

II.2.4. Description of the procurement

County road 2300 environment street Gran is located in Gran Municipality and will be part of county road 2300. The road will function as a diversion road for national road 4 Gran Tunnel. The development plan (with the technical plan) was finally adopted on 13 June 2013. The plan is mainly built on the municipal sector plan for the town centre. This involves county road 2300 partially lying in a new route (south) and partially in the previous route for national road 4 (north) through the centre of Gran. The southern, flat part of the planning area was previously bog and very bad ground conditions.

County road 2300 environment street Gran is planned to be constructed with a normal width of 6.5 m. In addition there will be a foot and cycle path + a pavement, as green verges. The road will be dimensioned with a street design suitable for a 40 km/h speed limit and an annual daily traffic count of 6000 vehicles/day. This involves principle solutions with partially mixed traffic and road crossings.

A continuous offer for pedestrians/cyclists is to be established in lot county road 2300 environment street Gran, with well defined crossing places at all crossing connections. A narrow street and a roundabout invites low speeds. The principles of universal design will form the basis for all measures within the planning area, for the entire transport system, so that it can be used by as many as possible.

II.2.5. Award criteria

Price

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14.

Additional information

Cf. 11.2.5) Award criteria. K1: Tender sum. K2: Organisation and the offered key personnel
K3: Implementation of the assignment K4: Taking care of the surrounding environment and a reduction of climate gas emissions in the project. The tender with the lowest contest sum will give the best relationship between price and quality, and the tenderer with the lowest contest sum will therefore be awarded the contract.
