5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: The Contracting Authority requests prices for fuel for passenger cars and quick charging of passenger cars. Evaluation of the criterion: Tenderers shall state a fixed discount in crowns and ears per litre of fuel (petrol 95 and diesel) and per kwh on fast charging. In order to calculate an evaluation sum, tenderers are asked, in the tab "price - pump", to state the average pump price in Tromsø on the stated dates between 09:00 and 21:00. In the tab "Price - Quick Charge", tenderers shall state a fixed discount in DOLLARS and ears and shall apply for the entire contract period. Tenderers must, together with the tender, enclose documentation on the calculation of the average pump price for the individual date. The evaluation sum is the sum of the tabs "Price Pump" and "Price - Quick Charge". The price criteria will be evaluated so that the lowest total price gets 10 points, while the other prices will

be evaluated according to the relative difference to the lowest price. Lowest total price/tender sum * 10 = number of points Documentation requirement: Complete Annex 1 Price Form.

Category of award weight criterion: Weight (points, exact)

Award criterion number: 80

Criterion:

Type: Quality

Name: Quality

Description: The contracting authority is concerned that the tenderer is located several places in Tromsø municipality, as well as can offer several services for filling fuel. Tenderers are asked to provide an account of the following points: Locations: Are tenderers located in several places in Tromsø municipality? The contracting authority requires that the main station (petrol station) is located on Tromsøya. The number of stations in Tromsø municipality is requested, beyond the minimum requirement. These stations can be located on Tromsøya, Kvaløya and on the mainland (Tromsdalen). If the tenderer has stations on the mainland and Kvaløya, stations with a distance of more than 5 km from the bridge head on the mainland and Kvaløya will not be taken by the supplier. Tenderers must provide addresses at the locations they provide and which fuel types (petrol, diesel) are offered, as well as whether quick charging is available for electric vehicles. Machine washing: Does the supplier offer machine washing of passenger cars? Tenderers are asked to provide an account of whether this is offered, what washing programmes are offered and at which locations. Small supplies: Does the supplier offer the sale of small supplies connected to the gas station? Small accessories means light bulbs, windscreen wipers, windscreen fluid, etc. Tenderers are asked to give an account of whether they are offered, opening hours for sales and a general overview of product categories and at which locations small accessories are available. Weighting of the individual points (sub-criteria): Internal weighting sub-criteria Locations 80 % Machine washing 10 % Small supplies 10 % Tenderers who, after an overall assessment, offer the overall best solution for the contracting authority where the relevance of the described and the degree of fulfilment of the contracting authority's wish will achieve a full score (10 points) on each sub-criteria. Other tenderers will get a lower score based on the relevance of the described and the degree of fulfilment of the contracting authority's wishes. The score that the tenderer achieves in total for all the sub-criteria will not be normalised. Documentation requirement on the criteria: Tenderers shall fill in and upload Annex 4 quality.
