Título: BA-26-022-GK E3 Land pipeline

Descripción: The procurement is for construction work in connection with the laying of water pipelines on land in stretch E6 to the water treatment facility (VBA), for Gjøvik municipality. The contract also includes the establishment of a temporary roundabout in Skumsrudvegen, establishment of site roads, excavation on land, work on cultivated land such as laying of water and sewage pipelines, reinventing matter and separation of rock from masses, drilling under Skumsrudvegen, pipe sheet for water and sewage routes skumsrudvegen-VBA, reception and laying of PE pipes and pipe parts, refill works, adjustments etc. Hammer drilling shall be carried out for 3 DN813, 1 DN457 pipe pipe under Skumsrudvegen, and pulling in water and sewage pipelines for a pipe under Skumsrudvegen. In addition this contract includes the establishment of a rigging site and construction road within an area that is currently used for agriculture. Other work, including the sea facility and the actual water treatment facility, will be established through several separate contracts. The contracting authority with the pipe supplier delivers PE pipelines to the stated area of the rigging site. The rigging site will be chosen by the builder in accordance with the prepared drawings. The delivery date must be adapted to the tenderer's progress, in the relevant time period. A binding delivery plan will be prepared in consultation with the pipe supplier and tenderer. Pipes are to be delivered and stored for 18 or 20 metres. The executing contractor on site shall be responsible for the development of rigging places and supply roads in a condition that enables deliveries of pipes up to the relevant delivery length. The receiving inspection and unloading of pipes from the vehicle will be carried out by the executing contractor in this contract. The works are further described in the tender documentation part III. The procurement's value is estimated to NOK 45,000,000 excluding VAT. The value is an estimate and is not binding for the contracting authority.

Documentation requirements: A report shall be provided of relevant reference projects carried out in the last ten years. A total of four (4) reference projects can be referenced. The following information must be given on each of the projects:

- Assignment and project description, including a description of the pipes that were laid (pipe dimension, pipe type and ditch length).
- The contracting authority and gender neutral preferred, including contact information.
- Duration of the contract that the tenderer has carried out.
- The value of the contract that the tenderer has carried out

The account shall be given on the form for reference projects, Annex C. The tenderer is required, through a description of reference projects, to identify the relevance for the assignment. Tenderers can document their experience by referring to competence of the personnel he has at his disposal and can use this assignment, even if the experience was gained while the personnel have served another employer /business. Note that the same reference projects are used to possibly opt out of any redundant, qualified tenderers, cf. point 3.9 below.

Criterio: Medidas para garantizar la calidad

Descripción del criterio de selección: The tenderer shall have a suitable and implemented quality assurance system. The requirement must be fulfilled by the tenderer himself.

Documentation requirements: An account of the tenderer's quality assurance system as well as a copy of the table of contents. The account shall have a maximum of three A4 pages with the following formatting: - Margin: 2.5 cm. - Font: Arial (Body) font size 11 - Line spacing 1.5. If a tenderer is certified in accordance with ISO9001 or equivalent certification schemes, it will be sufficient to fulfil the requirement.

Criterio: Medidas de gestión medioambiental

Descripción del criterio de selección: Tenderers shall have a suitable and implemented environmental management system. The requirement must be fulfilled by the tenderer himself.

Documentation requirements: An account of the tenderer's environmental management system as well as a copy of the table of contents. The account shall have a maximum of three A4 pages with the following formatting: - Margin: 2.5 cm. - Font: Arial (Body) font size 11 - Line spacing 1.5. If the tenderer is certified in accordance with ISO 14001:2015, Miljøfyrtårn , EMAS or equivalent certification schemes, this will be sufficient to fulfil the requirement.

Criterio: Titulaciones educativas y profesionales relevantes

Descripción del criterio de selección: Technical and professional competence and relevant experience is required of the following key personnel who shall be used for this assignment:

- Manager
- Site Manager

Documentation requirements: CVs shall be submitted for the two key persons (project manager and site manager), who ought to include:

- Education
- professional experience,
- relevant courses
- a description of the up to three most relevant reference projects for each key personnel.

The tenderer is required to use the template for CVs to present relevant competence and experience. Only the key personnel's documented competence and experience shall be included in the evaluation. The tenderer's general references will not be assessed here. Annex E, Template for CVs shall be used.
