5.1.9. Criterios de selección

Fuentes de los criterios de selección: Anuncio

Criterio: Inscripción en un registro mercantil

Descripción del criterio de selección: Tenderers are registered in a company register or a trade register in the member state in which the tenderer is established. As described in annex XI of directive 2014/24/EU; suppliers from certain member states may have to fulfil other requirements in the mentioned annex. Minimum qualification requirements Tenderers shall be a legally registered company. Documentation: Documentation: Documentation must not be enclosed for tenderers registered in the Norwegian Register of Units. The contracting authority will check the registration by using the organisation number stated in the tenderer's MerCell profile. Tenderers who are not registered in the above register must present a certificate or confirmation (equivalent company registration certificate) for registration in a trade or business register as prescribed by the law of the country where the tenderer is established. Such a certificate shall not be issued more than six months before the tender deadline.

Criterio: Referencias sobre entregas específicas

Descripción del criterio de selección: Only for public goods deliveries: In the reference period, the tenderer has carried out the following important deliveries of the requested type, or the following important services of the requested type. The contracting authority can require up to three years experience and allow experience from the previous three years to be taken into consideration. Minimum qualification requirements Tenderers shall have good and relevant experience. The experience shall include deliveries of similar complexity as the delivery requested in this competition. Documentation requirement: Relevant experience shall be documented by stating a minimum of three (3) and a maximum of five (5) reference projects from the last three (3) years. The references are to be added directly to MerCell as a response to this point. If more than five reference projects are given, only the first five will be assessed.

Criterio: Medidas para garantizar la calidad

Descripción del criterio de selección: The tenderer utilises the following technical facilities and quality assurance measures and the tenderer's survey and research facility is as follows: Minimum qualification requirements The contracting authority requires that all tenderers have implemented a quality management system that is satisfactory to ensure the quality of

execution in this contract. Documentation requirement: Description of the company's implemented quality management system. A certificate shall be submitted for the company's quality management system issued by independent bodies that confirm that the company fulfils certain quality management standards, for example ISO 9001. If the company does not have such certificate, other documentation of the company's quality management system shall be provided. In such cases as a minimum the following shall be provided: + the name of the system and detailed table of contents + general description of the contents of the system, including an overview of control plans and check-lists that are relevant for this contract. + an organisation chart showing the responsibilities in the quality management system. + a description of routines for internal control and deviation management (work with corrective and preventive measures). + a description of how the system will be used in order to ensure the quality of this contract. All received or obtained documentation will form the basis for an overall assessment of whether the qualification requirement is fulfilled.

Criterio: Certificados por organismos independientes sobre sistemas o normas de gestión ambiental

Descripción del criterio de selección: Is the tenderer able to submit certificates issued by independent bodies as documentation that the tenderer fulfils the stated environmental management systems or standards? Minimum qualification requirements The contracting authority requires that all tenderers have implemented procedures and systems, certified by independent third parties, that ensure that the execution of this contract has a low impact on the environment. Documentation requirement: Certificate issued by an independent body approved for certification. The certificate must confirm that the tenderer's environmental management system complies with requirements in a relevant standard. Documentation is required that the tenderer either has an Eco-lighthouse certificate, is EMAS certified, is certified in accordance with ISO 14001, or have a valid certificate from other relevant environmental management schemes or standards. If a tenderer does not have such a certificate, the tenderer must provide other documentation for environmental management measures that are equivalent to a relevant environmental management scheme or standard. Tenderers must also document that the measures are equivalent to those required in accordance with such an environmental management scheme or standard. Tenderers who are

qualified on the basis of other documentation for environmental management measures than the third-party certification that is awarded the contract, will be obliged to carry out third-party certification of their environmental management system. This is further described in the contractual requirements that are included in the annex for changes to the standard contract.

5.1.10. Criterios de adjudicación

Criterio:

Tipo: Precio

Nombre: Price

Descripción: Lowest total price. The price for each price line will automatically be multiplied by the stated annual estimated volume. The volume calculation of the different products is an estimated number per annum and is only for evaluation purposes. The contracting authority is not bound by the estimated number. Documentation requirement: The completed price and product form can be found under the tab "Products" in Mercell. Tenderers must export the form to Excel to see all columns to be filled in. The form shall then be imported back into Mercell after it is completed. The prices shall be stated in NOK excluding VAT.

Categoría del criterio de adjudicación de peso: Ponderación (porcentaje, exacto)

Criterio de adjudicación: número: 80

Criterio:

Tipo: Calidad

Nombre: Environment

Descripción: The Contracting Authority will award products marked with the Marine Stewardship Council, Friend of the Sea, Aquaculture Stewardship Council, REQUIREMENT, Debio Sustainability or Dabio Aquaculture. Certified products from wild catch will receive 100% profit and certified products from aquaculture will receive 50% value. Equivalent third party certified labelling schemes will also be paid, but the tenderer must prove that the marking scheme is equivalent. The contracting authority will award points based on the number of products covered by a relevant brand/certification scheme. When calculation of points on this criteria, the amount of the relevant products will be multiplied by an estimated volume (in number). In the price form under the tab "products" in Mercell, the tenderer shall mark which products this applies to and which scheme applies to the respective products. Tenderers shall also enclose documentation that shows that the products are covered by the current brand /certification scheme. If the products are part of several labelling schemes, this will not give a higher score under the criteria. The tenderer with the highest score will get 10 points on the criterion. The other tenders will get a score calculated after percentage deviations from the best score. Documentation requirement: Valid licence numbers are to be added to the Price and Product Form. Any certificates are uploaded under the tab "Dokumenter" ("Documents")
