The estimated value of the procurement is over the European Union threshold value for services. In negotiated procedure, any economic operator may submit a request to participate in response to an invitation to participate by providing the information for qualitative selection. Only those economic operators accepted by the Contracting Authority may submit a preliminary tender and participate in the negotiations. The object and scope of the contract shall be defined in the procurement documents. During the negotiations the scope of the contract will be

elaborated and specified further. The final scope of the contract will be provided with the final invitation to tender to be issued after the negotiations. The Contracting Authority has right to change the procurement language to Finnish in invitation to tender, if all selected tenderers agree to this. The Contracting Authority may decide to discontinue the procurement procedure at any time, without awarding the contract. Such a decision may be adopted in accordance with the Act on Public Contracts in the Fields of Defence and Security. No compensation, costs or expenses shall be paid to candidates should the Contracting Authority decide to discontinue the procurement procedure or otherwise. The Contracting Authority will not pay any compensation for participating in the procurement.
