Menetluskorra kirjeldus: Ecopro AS invites tenderers to participate in the competition for the receipt and treatment of a project from our treatment facility in Verdal. This involves treatment in an incineration plant with energy utilisation. The reception and treatment facility (incineration plant with energy utilisation) shall be located within a maximum driving distance of 250 km from Ecopro's facility in Verdal municipality. Ecopro would also like tenders for a voluntary additional service (separate contract possibility). Part A - main service: reception and treatment of a project. This involves treatment in an incineration plant with energy utilisation. This part will form the basis for the award of contract. The tenders will be evaluated in accordance with the criteria stated in point 8.2. Part B - voluntary additional service: transport of a project on the stretch Ecopro - x. Tenders for Part B will be assessed separately and are not included in the evaluation, ranking or award of contract for the main service (Part A). Part B does not constitute an option for the main contract. The contracting authority reserves the

right to enter into a separate contract for the additional service with the tenderer who has the most advantageous tender for the additional service, regardless of which tenderer is awarded a contract for the main service. The contracting authority will not be bound to enter into a contract based on a tender for Part B. Complete description of the assignment is given in Annex 2 description of the main service and voluntary additional service.
