Pealkiri: Framework agreement for computer cabling services and accompanying materials
Kirjeldus: The procurement is for the establishment of a framework agreement that shall cover the MFA's need for engineering design services for and installation of a computer network (computer cabling) with the delivery of associated materials. There is an ongoing need for such services. Project managers and installers must carry out work in at-risk areas and in an environment with systems that require security clearance. The framework agreement shall include engineering design, computer cabling materials and equipment, and installation. One framework agreement shall be signed with one tenderer. The framework agreement will be valid for 2 years, with an option for an extension for a further 1+1 year. The framework agreement will be non-exclusive. The procurement's value is estimated to NOK 2-5 million excluding VAT per year, emphasis is put on the fact that this is only an estimate based on previous years and it can vary depending on need. The estimated value is not binding for the contracting authority. The maximum value of the framework agreement is NOK 25 million excluding VAT.
