The contracting authority plans to hold an interview with the offered main assignment manager. The interview will be carried out as an independent evaluation element and is not seen as a part of any negotiations. The interview will be conducted by the contracting authority together with a lawyer from SANDS. The interview will primarily be used to evaluate the resource's understanding of the role, assignment comprehension and communication and interaction abilities. The contracting authority can limit the number of tenderers who are invited to an interview to the 3-5 highest ranked tenderers after a provisional evaluation of the price and written tenders. Tenderers will receive further information on the time and execution of the interview after the tender deadline. The interview can be conducted physically or digitally. If, without a justifiable reason, the tenderer will not have the offered main assignment manager for an interview, this will be negatively emphasised in the evaluation.
