#### **5.1.9. Kvalifitseerimistingimused**

Valikukriteeriumide allikad: Euroopa ühtse hankedokumendi taotlus

#### **5.1.10. Pakkumuste hindamise kriteeriumid**

##### **Kriteerium:**

Liik: Hind

Nimi: Price

Kirjeldus: Under this award criterion, the total price (tender sum) from Appendix 1 Price Form is evaluated. The tenderer's total price forms the basis for any price addition if the tenderer does not achieve the highest score on the quality criteria, cf. section 3.1 Evaluation Method in the document "Tender Specifications". See the procurement documents for further details.

Hindamise kaalukriteeriumi kategooria: Kaal (protsentides, täpne)

Hindamiskriteerium – arv: 50

##### **Kriteerium:**

Liik: Kvaliteet

Nimi: Assistance for major events

Kirjeldus: Under this award criterion, the quality of the tenderer's offered assistance for major outdoor events and equivalent public arenas is evaluated. Emphasis is placed on how well the tenderer describes how the municipality will be assisted in clarifying needs, conducting site inspections, and putting together suitable rental items and solutions for the arena and event in question. In the evaluation, emphasis will be placed on: The proposed site supervisor/key resource's competence and documented experience from major outdoor events, festival grounds, or equivalent arenas How expediently the assistance and coordination for major events is organised How well and reassuringly the conduct of site inspections, needs assessments, and customer dialogue is described The tenderer's methods for proposing suitable and cost-effective solutions for the customer The tenderer's routines for ensuring availability and continuity in the event of the key resource's absence The evaluation is based on an overall professional procurement judgement of the elements above. The elements are not weighted mathematically or by percentage. The competence and experience of the proposed key resource will be a particularly central element and given significant weight in the assessment, as the person's practical experience and on-site management will be decisive for safe execution. At the same time, the other elements will also carry weight in the overall assessment of the criterion. See the procurement documents for further details.

Hindamise kaalukriteeriumi kategooria: Kaal (protsentides, täpne)

Hindamiskriteerium – arv: 30

##### **Kriteerium:**

Liik: Kvaliteet

Nimi: Delivery capacity and response time

Kirjeldus: Under this award criterion, the tenderer's response time, delivery time, and overall delivery capacity are evaluated. In the assessment, emphasis is placed on: Stated response time for orders, defined as the time from the order is received until a written order confirmation is issued, cf. section 3.1.0 (short time is rewarded) Guaranteed delivery time for other orders, defined as the time from confirmed order until the equipment is delivered, cf. section 3.2.0 (short time is rewarded) Capacity and security of supply during major events and in high season, cf. section 3.2.0, including: access to sufficient volumes of rental items during periods of high demand (high season) access to back-up equipment and contingency solutions if equipment is damaged or fails ability to prioritise and secure deliveries to the municipality even if the tenderer has concurrent assignments for other contracting authorities ability to handle parallel deliveries to different event locations within Ringsaker Municipality The evaluation is based on an overall professional procurement judgement of the elements above. The elements are not weighted mathematically or by percentage, but capacity and security of supply during major events and in high season will be the most central element in the assessment. See the procurement documents for further details.

Hindamise kaalukriteeriumi kategooria: Kaal (protsentides, täpne)
