Norra – Insener-tehnilised ja ehitusalased nõustamisteenused – Framework agreement for consultancy services for Haugesund municipality.
OJ S 207/2026 26/10/2026
Hanketeade või kontsessiooniteade – üldkord
Teenused

1. Hankija

1.1. Hankija

Ametlik nimi: Haugesund Kommune
E-posti aadress: Lina.halling@inventura.no
Hankija õiguslik vorm: Kohaliku omavalitsuse kontrollitav avalik-õiguslik isik
Hankija tegevus: Üldised avalikud teenused

2. Menetlus

2.1. Menetlus

Pealkiri: Framework agreement for consultancy services for Haugesund municipality.
Kirjeldus: Haugesund municipality shall enter into contracts for consultancy consultancy services. Two sub-contracts shall be signed, each sub-contract will be parallel framework agreements. Parallel framework agreements shall be signed with two tenderers per sub-contract, provided that a sufficient number of suitable tenders are received. A tenderer can submit tenders for one or both lots and can be awarded both sub-contracts. The sub-contracts include the following: Sub-contract A: Framework agreement for advice, planning and engineering design within mobility, transport and zoning plans. Sub-contract B: Framework agreement for consultancy, planning and engineering design within roads, water and sewage. See the requirement specifications, see the tender documentation and Annex 1 Annex 1A and Annex 1 Annex 1 Annex 1B for further information on the procurement´s purpose and scope.
Menetluse tunnus: 85aa79ed-29a2-4c15-9af9-4c5f112408df
Sisemine tunnus: 2026/26345
Menetluse liik: Avatud
Kiirendatud menetlus: ei

2.1.1. Eesmärk

Lepingu olemus: Teenused
Peamine liigitus (cpv): 71310000 Insener-tehnilised ja ehitusalased nõustamisteenused
Täiendav liigitus (cpv): 71311000 Tsiviilehitustööde nõustamisteenused, 71311210 Maanteealased nõustamisteenused, 71311220 Maanteealased insener-tehnilised teenused, 71311300 Infrastruktuuritööde nõustamisteenused, 71313000 Keskkonna-alased insener-tehnilised nõustamisteenused, 71315210 Ehitusteenuste nõustamisteenused, 71320000 Tehnilise projekteerimise teenused, 71321300 Vee- ja kanalisatsioonialased nõuandeteenused , 71322000 Tsiviilehitustööde tehnilise projekteerimise teenused, 71322200 Torustiku projekteerimisteenused, 71322500 Liiklusseadmete tehnilise projekteerimise teenused, 71330000 Mitmesugused tehnilised teenused, 71332000 Geotehnilised teenused, 71335000 Tehnikateadused, 71336000 Insenertehnilised tugiteenused

2.1.2. Lepingu täitmise koht

Riik – jaotus (NUTS): Vestland (NO0A2)

Riik: Norra
Lisateave: As a main rule, the work can be carried out from the tenderer's place of work. Some work, meetings and site inspections require physical presence at the Contracting Authority, and the work will, in such cases, be carried out in Haugesund and the surrounding area (Haugalandet).

2.1.3. Maksumus

Eeldatav maksumus käibemaksuta: 60 000 000,00 NOK

2.1.4. Üldine teave

Õiguslik alus:

Direktiiv 2014/24/EL
Anskaffelsesforskriften - The procurement will be made in accordance with the Public Procurement Act dated 17 June 2016 (LOA) and the regulations from 12 August 2016 no. 974 on public procurements (FOA). The procurement will be carried out as an open tender contest in accordance with PPR parts I and III. This procedure gives all interested tenderers the possibility to submit tender offers.

2.1.5. Hanke tingimused

Esitamise tingimused:

Hanke osade maksimaalne arv, mille kohta üks pakkuja võib pakkumusi esitada: 2

Lepingutingimused:

Nende osade maksimaalne arv, mille kohta võib sõlmida lepingu ühe pakkujaga: 2

2.1.6. Kõrvaldamise alused

Väljajätmise aluste allikad: Euroopa ühtse hankedokumendi taotlus, Hankedokument

5. Osa

5.1. Osa: LOT-0001

Pealkiri: Sub-contract A: Framework agreement for consultancy, planning and engineering design within mobility, transport and development plan laying.
Kirjeldus: Sub-contract A: Framework agreement for consultancy, planning and engineering design within mobility, transport and zoning plans. Haugesund municipality (hereafter called the "Contracting Authority") shall enter into framework agreements for consultancy consultancy services. Parallel framework agreements shall be signed with up to two tenderers. The reason for the need is that the Contracting Authority is facing a number of major and smaller investment projects in the coming years, including through Bypakken Haugesund-Karmøy. The city package was approved in 2024 and is a government grant scheme for Haugesund municipality. The subsidy scheme aims at reducing greenhouse gas emissions, congestion, air pollution and noise. This shall be done through efficient land use, as well as the growth in passenger transport being reduced through increased use of public transport, cycling and walking. This entails an increased need for assistance within consultancy and planning and engineering design work. The framework agreement is for consultancy, planning and engineering design services for street and road planning, with particular emphasis on mobility and attractive streets and urban areas. The consultancy services also apply within the discipline of transport, which is required to be reviewed as a result of the Planning and Building Act, the Norwegian Public Roads Administration´s handbooks and requirements in accordance with the road authorities´ requirements or requirements for reviews resulting from the Bypakken.Se further information in the tender documentation and Annex 1 Annex 1A - the Contracting Authority´s requirement specifications sub-contract A.

Sisemine tunnus: 2026/26345-0

5.1.1. Eesmärk

Lepingu olemus: Teenused

Täiendav liigitus (cpv): 71311000 Tsiviilehitustööde nõustamisteenused, 71311210 Maanteealased nõustamisteenused, 71311220 Maanteealased insener-tehnilised teenused, 71311300 Infrastruktuuritööde nõustamisteenused, 71313000 Keskkonna-alased insener-tehnilised nõustamisteenused, 71315210 Ehitusteenuste nõustamisteenused, 71320000 Tehnilise projekteerimise teenused, 71321300 Vee- ja kanalisatsioonialased nõuandeteenused , 71322000 Tsiviilehitustööde tehnilise projekteerimise teenused, 71322200 Torustiku projekteerimisteenused, 71322500 Liiklusseadmete tehnilise projekteerimise teenused, 71330000 Mitmesugused tehnilised teenused, 71332000 Geotehnilised teenused, 71335000 Tehnikateadused, 71336000 Insenertehnilised tugiteenused

5.1.2. Lepingu täitmise koht

Riik – jaotus (NUTS): Vestland (NO0A2)
Riik: Norra
Lisateave: As a main rule, the work can be carried out from the tenderer's place of work. Some work, meetings and site inspections require physical presence at the Contracting Authority, and the work will, in such cases, be carried out in Haugesund and the surrounding area (Haugalandet).

5.1.3. Eeldatav kestus

Kestus: 48 Kuud

5.1.4. Uuendamine

Maksimaalne lepingu uuendamiste arv: 2
Muu informatsioon uuendamise kohta: The duration of the framework agreements is two (2) years. The contracting authority reserves the right to extend the framework agreements for a further one (1) year at a time, up to two (2) times. The total maximum agreement period, including options, will therefore be four (4) years.

5.1.5. Maksumus

Eeldatav maksumus käibemaksuta: 15 000 000,00 NOK
Raamlepingu maksimaalne maksumus: 15 000 000,00 NOK

5.1.6. Üldine teave

Reserveeritud osalemine:
Osalemine ei ole reserveeritud.
Hankeprojekt, mida ei rahastata ELi vahenditest
Hanke suhtes kohaldatakse riigihankelepingut (GPA): ei

5.1.9. Kvalifitseerimistingimused

Valikukriteeriumide allikad: Hankedokument

5.1.10. Pakkumuste hindamise kriteeriumid

Kriteerium:
Liik: Hind
Nimi: Price
Kirjeldus: CRITERIUM: The criteria will be evaluated on the basis of the evaluation sum in the price form. DOCUMENTATION REQUIREMENT: Tenderers shall submit the following: • Completed price form (Annex 5 annex 1). Tenderers must fill in the price items on the tab that

apply to the relevant lot for which a tender is submitted. The prices shall be stated in NOK excluding VAT.
Hindamise kaalukriteeriumi kategooria: Kaal (protsentides, täpne)
Hindamiskriteerium – arv: 50
Kriteerium:
Liik: Kvaliteet
Nimi: Quality
Kirjeldus: CRITERIUM: The criteria will be evaluated based on a total assessment of the following elements, emphasised in order of priority, including: 1. Competence and experience The offered key personnel´ relevant competence and experience from previous deliveries /assignments. Key personnel means a core team of three (3) resources within road and street planning. At least one (1) of the three (3) offered resources shall be a senior adviser for road and street planning. 2. Implementation of assignments The tenderer´s implementation in practice and work methodology with assignments under the framework agreement, including: • Start-up process in call-offs • Project methodology and a plan for quality assurance of deliveries, including follow-up of consultants in assignments. • How the tenderer follows up any deviations, including delays, absences etc. • How to create additional value for the municipality with the tenderer's expertise DOCUMENTATION REQUIREMENT: Tenderers shall submit the following: • Completed CV template in Annex 1 Annex 2 - CVs for the offered key persons. • Complete Annex 1 Annex 3 - the tenderer's solution description. 1. Competence and experience Tenderers shall submit a completed CV template in Annex 1 Annex 2. CVs shall as a minimum contain information on the educational background and experience from similar assignments (reference project). A minimum of one (1) and maximum three (3) reference project(s) shall be stated in the CVs. The reference project(s) shall be described and documented sufficiently so that the Contracting Authority can assess the project´s relevance to the framework agreement, including the offered personnel´s role, responsibility and assignments in the project. 2. Implementation of assignments Tenderers shall submit a completed Annex 1 Annex 3 - the tenderer´s solution description. Responses must include a description of the tenderer´s routines for initiation of assignments, project methodology and a plan for quality assurance of work, including follow-up of consultants in assignments, as well as how the tenderer will follow-up any deviations, including delays, absences etc. Tenderers shall also describe how the tenderer will create additional value for the Contracting Authority through the offered expertise. The response to point 2 shall be at maximum 3 A4 pages. Type Open Sans, font size 10 points or larger and normal margins shall be used. Responses beyond the stated page limit will not be evaluated.
Hindamise kaalukriteeriumi kategooria: Kaal (protsentides, täpne)
Hindamiskriteerium – arv: 50

Organisatsioon, millele laekuvad osalemistaotlused: Haugesund Kommune
Pakkumusi menetlev organisatsioon: Haugesund Kommune

5.1. Osa: LOT-0002

Pealkiri: Sub-contract B: Framework agreement for consultancy, planning and engineering design within roads, water and sewage.
Kirjeldus: Sub-contract B: Framework agreement for consultancy, planning and engineering design within roads, water and sewage. Haugesund municipality (hereafter called the "Contracting Authority") shall enter into framework agreements for consultancy consultancy services. Parallel framework agreements shall be signed with up to two tenderers. The reason for the need is that the Contracting Authority is facing a number of large and smaller investment and maintenance projects in transport and municipal engineering infrastructure in the coming years, including through Bypakken Haugesund-Karmøy. The city package was approved in 2024 and is a government grant scheme for Haugesund municipality. The subsidy scheme aims at reducing greenhouse gas emissions, congestion, air pollution and noise. This shall be done through efficient land use, as well as the growth in passenger transport being reduced through increased use of public transport, cycling and walking. An increased need for assistance is expected for consultancy and planning and engineering design work for this work. The framework agreement is for consultancy, engineering design services and technical assistance within municipal engineering infrastructure, including roads, water and sewage. The contracting authority needs uniform, sustainable and cost efficient solutions, based on good professional assessments and balanced trade-offs between technical, economic,

environmental and social considerations. Within municipal engineering infrastructure, the projects will often involve complex framework conditions and a need for coordination across disciplines. Deliveries under the framework agreement shall therefore contribute to functional, robust and future orientated systems that safeguard requirements for quality, operation, maintenance, universal design, security and sustainability. See further information in the tender documentation and Annex 1 Annex 1B - the contracting authority´s requirement specifications sub-contract B.
