Pealkiri: Prequalification: Cable trenches and land roof Fitjar - Tysnes and Austevoll - Tysnes

Kirjeldus: The Contracting Authority wishes to enter into a contract with a contractor for: -

Establishment of cable trenches and landfalls in connection with a new subsea cable

connection between Fitjar and Tysnes. - Establishment of cable trenches and landfalls in

connection with a new subsea cable connection between Austevoll and Tysnes. A more

detailed description of the relevant projects is, inter alia, included in Part II of the Contract

Documents. For further details, reference is made to the other procurement documents,

including the technical description, bills of quantities, maps and drawings, etc. For a more

detailed description of the estimated contract start, progress schedule, and deadlines,

reference is made to Chapter E of the Contract Documents. Important information regarding

access to the procurement documents: It is specified that Part II of the Contract Documents

with appendices (technical tender documentation) contains power-system-sensitive

information that is subject to confidentiality pursuant to the Energy Act and the Power

Preparedness Regulations. In order to obtain access to the relevant documents, interested

suppliers must complete and sign Appendix 1 (Information Security Agreement) and Appendix

2 (Non-Disclosure Declaration). The signed documents shall be submitted in the message

portal in Merccell. After the Contracting Authority has received the signed Information Security

Agreement and Non-Disclosure Declaration, the supplier will be sent Part II of the Contract

Documents with all appendices (technical tender documentation). Implementation of the

projects is conditional upon the necessary approvals being in place in accordance with the

Contracting Authority's expectations. This includes, inter alia, board approval of agreements,

licenses and other permits, including landowner agreements, etc. If these conditions are not

met, the Contracting Authority reserves the right to cancel the competition. It may also be

relevant to amend the tender documents if licenses or other permits are delayed or are not

granted in accordance with the Contracting Authority's prerequisites. Such changes may, inter

alia, include adjustments to the contract start date, deadlines, implementation plan and

contract period, as well as other adaptations. This may, inter alia, entail postponement of the

contract period, which may also affect the construction period. Any changes will be

communicated in writing to the remaining suppliers in the competition. The suppliers will then

be given an opportunity to adapt their tenders, or, as the case may be, submit a revised tender

within a specified deadline. The Contracting Authority reserves the right to reduce the number

of tenders to be negotiated. An initial reduction in the number of tenders may take place already prior to the negotiations, cf. the Utilities Regulations section 19-12 (4).
