Ilmoituksen nimi: Parallel framework agreements for the purchase of crushed stone masses
Kuvaus: VAV needs different rocks to fill buried ditches when excavating leaks in the pipe network and new pipes at installations. VAV has a continual need for large quantities of crushed rock masses for this work. The agency will therefore enter into parallel framework agreements with several tenderers so that the agency's needs are fully covered. VAV will enter into parallel framework agreements with up to 4 (four) tenderers, depending on how many tenders are received. The agency has an increasing need for crushed rock masses. The maximum value of the framework agreement is NOK 40,000,000 excluding VAT for the entire contract period.
