(ii) subject to management supervision by another contracting authority listed above in this section VI.3 of this notice; or

(iv) an association of or formed by one or more of the Contracting Authorities listed above in this section VI.3 of this notice

Entities which are not public sector bodies may also use the Framework Agreements if the Authority is satisfied that:

- such entity is calling-off goods and services directly, solely and exclusively in order to satisfy contractual obligations to one or more public sector bodies, all of which are entitled to use the Framework Agreements on their own account;
- all goods to be called-off by it are to be used directly, solely and exclusively to provide energy at sites occupied by such public sector body(ies); and
- it will pass the benefit of the call-off contract to such public sector body(ies) directly, in full and on a purely 'pass-through' basis. Accordingly there must be no mark-up, management fee, service charge or any similar cost solely in relation to the supply of energy imposed on the relevant public sector body(ies), who must be able to benefit from the terms of the Framework Agreements in a like manner and to the same extent as if using the Framework Agreements on its/their own account.

From 2.4.2014 the Government has introduced Government Security Classifications (GSC) classification scheme to replace the previous Government Protective Marking Scheme (GPMS). A key aspect of this is the reduction in the number of security classifications used. All potential suppliers should make themselves aware of the changes as it may impact on this Requirement. The link below to the Gov.uk website provides information on the new GSC: <https://www.gov.uk/government/publications/government-security-classifications>

Please refer to the Invitation to Tender document for the CCS complaints procedure.

The duration referred to in section II.1.4 is 12 months with the option to extend up to a maximum of 36 months.
