Kuvaus: Oslo municipality c/o Oslobygg KF, hereafter called the contracting authority, invites tenderers to a negotiated procedure for the procurement of a Project Director with the management staff to manage the execution of the Mortensrud project. The Mortensrud project is a complex multi-purpose project with development in one combined area divided in three fields - fields 10, 11 and 12. Field 10 includes a new nursing home, sheltered accommodation flats, library, leisure club and volunteering, communal garden and town park. Field 11 consists of a new Mortensrud primary school with a cultural school and multi-purpose hall with accompanying outdoor areas and a school park. Field 12 consists of a sports park with an athletics hall, football pitches and a cricket pitch, as well as development of a forestry park etc. To ensure that the project is rigged for start-up in accordance with this plan, Oslobygg is now preparing the establishment of a robust implementation organisation and ownership management. This entails special requirements for capacity and competence in management and execution. A project director is therefore requested with the management staff (resources within finance and risk management, progress management, contract management and other relevant resources in project management) that shall lead the execution of the Mortensrud project, with the support of Oslobygg's resources in the existing project organisation and resources from other departments in Oslobygg.

Kuvaus: The contracting authority will not weight the environment in this procurement as an award criteria with a weight of 30% or set special requirements connected to the environment, cf. the procurement regulations § 7-9 (5). The contracting authority has assessed that the procurement has, in its nature, an immaterial climate footprint and environmental impact, as this is mainly a service procurement of consultants, here consultancy services. A central characteristic of the procurement of consultants is that the most significant commitment factor is the effort that is provided by the consultant without other major input factors. The rules in the procurement regulations § 7-9 (2) and (4) will therefore not apply. Without it being decisive for the contracting authority's assessment, it is informed that DFØ has assessed this equivalent, cf. DFØ's guideline "Guidelines on climate and environmental considerations in public procurements point 7.2."
