The purchasing system has previously been announced on Doffin/TED and is being re-announced to continue the scheme in Oslo municipality's new KGV. See the attached qualification documentation for further information. The dynamic procurement scheme is for continuous delivery of digital teaching aids (freestanding or as part of teaching aids/learning universe), teaching resources, resource banks (news, pictures, movies, audio, music, etc.), teacher guides, teacher resources, assignment/trial collections and mapping tool with accompanying teacher overview, glosses, etc. that are delivered over the internet ("Software-as-a-service") for teaching purposes. The agreement also includes digital books and installed apps with Feide sign-in for teaching purposes. The diagnostic tool, which requires special competence to use, is not included.
