Sources des critères de sélection: Document unique de marché européen (DUME), Avis, Document de marché

Critère: Inscription à un registre du commerce

Description du critère de sélection: Tenderers are registered in a company register or a trade register in the member state in which the tenderer is established. As described in annex XI of directive 2014/24/EU; suppliers from certain member states may have to fulfil other requirements in the mentioned annex. Minimum qualification requirements Requirement: The tenderer shall be a legally established company. Documented by a Company Registration Certificate or equivalent.

Critère: Autres exigences économiques ou financières

Description du critère de sélection: Regarding any other economic and financial requirements that have been stated in the notice or in the procurement documents, the tenderer declares that: Minimum qualification requirements Requirement: The tenderer shall have sufficient economic and financial capacity to carry out the assignment - the tenderer shall be credit worthy. Credit worthy with security is not accepted. A/N is sufficient for newly established tenderers. Documentation requirement: • Credit rating of the tenderer, not older than 6 months calculated from the deadline for receipt of tenders. The assessment shall be based on the last known fiscal figures with an indication of how the credit rating has evolved during the past three years. The result of the credit rating must be given as a graded value (letters or numbers) on a defined scale. Newly established tenderers must document the financial capacity to fulfil the assignment by other documentation, such as accounting figures and a bank guarantee.

Critère: Références sur des livraisons spécifiées

Description du critère de sélection: Only for public goods deliveries: In the reference period, the tenderer has carried out the following important deliveries of the requested type, or the following important services of the requested type. The contracting authority can require up to three years experience and allow experience from the previous three years to be taken into consideration. Minimum qualification requirements Requirement: Tenderers shall have experience from similar contracts. Newly established tenderers are sufficient to have experience from similar assignments for the offered key personnel. Documentation requirement: An overview of the most important goods deliveries or services that the tenderer has carried out in the last three years, together with information on the contract's value, date of delivery or execution and the name of the recipient.

Critère: Mesures pour garantir la qualité

Description du critère de sélection: The tenderer utilises the following technical facilities and quality assurance measures and the tenderer's survey and research facility is as follows: Minimum qualification requirements Requirement: Tenderers shall have a functioning quality assurance system/quality management system. Documentation requirement: Description of the tenderer's quality assurance/quality management measures.

Critère: Gestion de la chaîne d'approvisionnement

Description du critère de sélection: The tenderer will be able to use the following management of the supply chain and tracing systems for the execution of the contract: Minimum qualification requirements Requirement: Tenderers shall have a system for managing and tracing the delivery chain. Documentation requirement: Description of the tenderer's system for managing and tracing the delivery chain.

Critère: Mesures de gestion environnementale

Description du critère de sélection: Tenderers can employ the following environmental management measures in connection with the execution of the contract: Minimum qualification requirements Requirement: Tenderers shall have a system and routines for reducing the most important environmental impact from their activities and shall use environmental management measures throughout the contract period. Therefore it is a requirement that the company has an environmental management system, such as Miljøfyrtårn, EMAS, ISO 14001 or equivalent. If the entire company is environmentally labelled with a type 1 environmental label, such as the Swan Ecolabel or equivalent, this is also approved.
