

France – Services d'installation offshore – Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

OJ S 157/2024 13/08/2024

Avis de marché ou de concession – régime ordinaire

Services

1. Acheteur

1.1. Acheteur

Nom officiel: EDF Renouvelables

Adresse électronique: jerome.maugard@edf-re.fr

Forme juridique de l'acheteur: Entreprise publique

Activité de l'entité adjudicatrice: Activités liées à l'électricité

2. Procédure

2.1. Procédure

Titre: Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

Description: Long term Framework Agreement for an approximative duration of 5 years with a potential start date between 2029 and 2030 offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind. The Framework Agreement includes optional scope related to Engineering, Management, Asset Operation

Identifiant de la procédure: aeef818d-b59d-4181-a79d-82c927fb76d6

Identifiant interne: Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

Type de procédure: Négociée avec publication préalable d'un appel à la concurrence / concurrentielle avec négociation

2.1.1. Objet

Nature du marché: Services

Nomenclature principale (cpv): 76521000 Services d'installation offshore

Nomenclature supplémentaire (cpv): 71318000 Services de conseil et de consultation en ingénierie, 76300000 Services de forage

2.1.2. Lieu d'exécution

N'importe où

Informations complémentaires: Performance of the services will be requested in different geographical areas worldwide including but not limited to Europe, USA and APAC.

2.1.4. Informations générales

Informations complémentaires: Candidates shall download documents and submit their applications via the appropriate Procurement Notice referenced "AVIS007394 ". Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind" in the EDF Group Procurement Portal <https://pha2.edf.com>

Base juridique:

5. Lot

5.1. Lot: LOT-0001

Titre: Offshore Wind – Long term Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

Description: 60 months Framework Agreement for offshore heavy lift capacities to transport and install wind turbines and perform additional works related to offshore wind

5.1.1. Objet

Nature du marché: Services

Nomenclature principale (cpv): 76521000 Services d'installation offshore

Options:

Description des options: Services related to Engineering, Management, Asset Operation

5.1.2. Lieu d'exécution

N'importe où

5.1.3. Durée estimée

Durée: 60 Mois

5.1.4. Renouvellement

Nombre maximal de renouvellements: 0

5.1.6. Informations générales

Participation réservée: La participation n'est pas réservée.

Projet de passation de marché non financé par des fonds de l'UE

Le marché relève de l'accord sur les marchés publics (AMP): oui

5.1.9. Critères de sélection

Critère:

Type: Capacité technique et professionnelle

Nom: The minimum requirements in terms of experience, technical requirements are specified therein

Description: Heavy lift vessel capacity: For asset capable of installing 15MW turbine and more, Candidate shall present the existing fleet, fleet in construction, under discussion and subject to decision of investment expected to arrive on the market before 2032, as well as plan for crane upgrade / leg extension or any major modification that could allow to increase the capacity of installation capabilities. Candidate shall detail in a schedule which maximum size of turbine that the intended fleet should be capable of installing, as well as the logbook of each vessel identified. For each vessels planned to be built, detail if a slot of fabrication is already reserved in a specific Yard and corresponding period and delivery date. 1 detailed datasheet per asset with technical specification should be provided Experience in WTG Installation: Candidate shall detail its experience (past & future) in WTG installation over the 2020-2028 period and involving JUV >1600t crane Project identification & short description Contract key milestones dates form of contract, scope of works and split of responsibilities with OEM & Client Description of engineering expertise (mention if in-house or subcontracted) required to operate the vessel (at least for SSA / LPA / lifting plan / Seafastening / stability / grillage design). For the specific case of US: brief description of base case approach to comply with Jones Act when performing a full WTG installation , risk approach philosophy with regards to feeding, transport transfer and installation phases. View on the split of role and

responsibilities. Detail of the Marine Spread that could be proposed. Past performance (detailed statistics per vessel on installation rate, Mechanical Breakdown, weather stand by, maximum operational limit encountered during the project for Jacking / transit / lifting WTG Component) Experience in foundation & transition piece Installation : Candidate shall detail its experience (past & future) in foundation installation over the 2020-2028 period and involving JUV >1600t crane Project identification & short description Contract key milestones dates form of contract, scope of works and split of responsibilities Engineering expertise realised (in house & subcontracted) Past performance per type of foundation (detailed statistics per vessel on installation rate, mechanical breakdown, weather stand by, maximum operational limit encountered during the project for standard operation lacking / transit) Other windfarm related services that Candidate can provide

Les critères seront appliqués pour sélectionner les candidats à convoquer pour la seconde étape de la procédure

Critère:

Type: Capacité technique et professionnelle

Nom: The minimum requirements in terms of health and safety, quality and E&S management are specified therein:

Description: Documents shall be provided by each candidate individually, or if applicable, by each member of the consortium or the declared subcontractors. In case one or several activities listed below were subcontracted, subcontractor name and capabilities shall be described in the Candidate's response.
