Nordre Follo municipality has separate framework agreements for landscape

gardening with the accompanying services as well as separate contracts for contracts where building fences etc. can be covered by the already existing agreements and will, therefore, not be included in this agreement. The municipalities are dependent on the administrative and political decisions that are made at all times, including annual grants/budgets and the extent will therefore vary. The contract is subject to changes in the budget and other factors that can affect the delivery's value. Based on the current consumption, the procurement is estimated to be approx. NOK 8 million excluding VAT over 4 years, with a maximum framework value of NOK 12 million excluding VAT. The estimate is not binding for the Contracting Authority and does not give the Tenderer any requirement for a specific call-off volume or a specific turnover under the contract. Call-offs will occur continuously based on actual need.
