2.1. Nós imeachta

Teideal: Qualification: Indoor mobile network for new and existing hospital buildings in Helse Sør-Øst

Cur síos: Mobile technology, and in particular 5G, represents a strategic opportunity for Helse Sør-Øst to modernise its digital infrastructure. This procurement spotlights a future-oriented 5G-based mobile infrastructure that modernises and streamlines communication in the health service, ensures stable indoor coverage and maintains emergency critical communication even when remote networks are lost. Sykehuspartner HF is looking for suppliers and cooperation partners who, with their competence are able to work with us and offer good services in the achievement of this vision. Please look at tender documents.

Aitheantóir inmheánach: 2025/53066

An cineál nós imeachta: Idirphlé iomaíoch

Príomhghnéithe an nós imeachta: The procurement is for the establishment of indoor mobile coverage in new and existing hospital buildings. The system shall be based on active indoor installations that support 5G architecture and capacities, as well as upgrading in line with the introduction of new 5G releases or functions. It is a prerequisite for a multi-operator system so that relevant mobile operators can use the infrastructure on verbatim terms. The delivery will include services such as radio planning, frequency control, engineering design services and the establishment of indoor coverage, as well as integration with the core network. Indoor mobile network shall be delivered as a service delivery where the chosen tenderer(s) are responsible for the operation, management and further development throughout the entire contract period. The network shall function as a primary and complementary carrier that supports the operation of critical services. In addition to helse Sør-Øst RHF, Helse Vest RHF, Helse Nord RHF and Helse Midt-Norway RHF will be able to enter into separate framework agreements. See further information in the competition terms.
