Teideal: Environmental Consulting Services

Cur síos: In this procurement, Gasgrid Finland Oy together with its subsidiaries Gasgrid Vetyverkot Oy and Floating LNG Terminal Finland Oy as the Contracting Authority are seeking for three (3) Consultants to provide services related to permitting and environmental studies for projects and sub-projects. The framework agreements for environmental services will cover mainly the service scopes as follows: - EIA procedures and materials related to EIA decision applications - Environmental studies, including nature, archeological and other studies - Preparation of permit applications, especially water, expropriation and survey permits - Assisting in land acquisition works - Stakeholder management related to EIA procedures and other permitting processes as well as land acquisition tasks. The main scope of the services will consist of tasks related to the Framework Agreement are estimated to be EIA procedures, environmental studies and water permit applications. The Services may also cover environmental studies, EIAs and permitting procedures for offshore pipelines in Finnish territorial waters and EEZ. The scope is defined in more detail in this contract notice and its annexes. The request for tender will be issued to the candidates selected to tender after the NDA has been signed. During the contract period, the Contracting Authority organizes mini-competitions among the awarded Service Providers for selecting the Service Provider for each individual Assignment. Assignments define the commitment to be ordered and supplied. Assignments will be introduced more closely on a later phase of this

procurement. The selection criteria utilized for each Assignment is price and quality ratio. Tendering for any of the Assignments is not mandatory. The Contracting Authority may place assignments with a value of less than EUR 200,000 with a contract partner of its choice without conducting a separate mini#competition. Individual assignments may be carried out using a target pricing model. During the contract period, the Contracting Authority will monitor the supplier's performance using a set of KPIs. The preliminary performance indicators are expected to include adherence to assignment schedules and customer satisfaction.
