DOCUMENTATION REQUIREMENT: Tenderers shall submit the following: • Complete Annex 2 - The tenderer's solution description (one response per lot the tender is submitted for). 1. Implementation ability The tenderer's response to the organisation and implementation ability for assignments, including how the tenderer will ensure sufficient capacity and manpower, especially at times of high demand and in the event of unforeseen stoppages. Tenderers shall also describe how the assignments are planned and carried out with regard to transport of the relevant passenger group and effective planning of routes when address lists/destinations are available. 2. Handling orders. The tenderer's response to handling of orders, including the offered response time for received enquiries and implementation of measures, cancellation management and changes. 3. Handling deviations The tenderer's response to handling and follow-up of any deviations, including the tenderer's routines and improvement measures in order to avoid deviations occurring and repeating themselves. 4. Plan for training drivers The tenderer's plan for training drivers, including how training is ensured and taken care of throughout the entire contract period. The response to the award criterion "Quality" shall have a maximum of four A4 pages. Type Open Sans, font size 10 points or larger and normal margins shall be used. Responses beyond the stated page limit will not be evaluated. If a tenderer submits a tender for more than one sub-contract, the side limitation applies per lot.

Cur síos: REQUIREMENT: Under the award criteria, the contracting authority will evaluate how the tenderer will ensure a delivery with low environmental impact, including the tenderer's plan for further reduction of the environmental impact during the execution of the contract. The contracting authority will emphasise the following: • Climate and environmental impact from vehicles used for the execution of the assignment, including the proportion of zero emission and low emission vehicles. • To what degree the tenderer is planning and carrying out the transport in a way that reduces unnecessary driving, driving distance and idling. • Other binding environmental measures that are offered. Emphasis will be put on whether the descriptions are concrete and project adapted. DOCUMENTATION REQUIREMENT:

Tenderers shall submit the following: • Completed Annex 2 - The tenderer's solution description (one response per lot the tender is submitted for). Tenderers shall describe how

they shall, throughout the contract period, ensure that the delivery has a low environmental impact and how they will work for further reduction of the environmental impact, in accordance with the listed points. The description shall be concrete and sufficiently detailed so that the contracting authority has a good understanding of the tenderer's approach and measures to take climate and the environment into consideration during assignments. The response to the award criteria "Climate and Environment" shall be at maximum 3 A4 pages. Type Open Sans, font size 10 points or larger and normal margins shall be used. Responses beyond the stated page limit will not be evaluated. If a tenderer submits a tender for more than one sub-contract, the side limitation applies per lot.
