2. Nós imeachta

2.1. Nós imeachta

Teideal: Framework agreement, operation and maintenance of street lights.

Cur síos: The contracting authority would like to enter into a framework agreement with one tenderer who, in an environmentally and cost efficient manner, cover their need for operation and maintenance of road lights. The contract will include all relevant assignments and material for the operation and maintenance of the road light installations. The framework agreement shall apply to the road lights that the municipalities in the Østre Agder cooperation are responsible for running. A tender shall be submitted that covers the entire extent of all the municipalities. A contract will be signed separately for each municipality. It is important for the municipalities to have an overview of the street lights, and therefore the tenderer's system is required to upload the information on street lights to NVDB.

5.1.15. Teicnící

Creat-chomhaontú:

Creat-chomhaontú, gan an iomaíocht a athoscailt

An t-uaslíon rannpháirtithe: 10

An bonn cirt atá le fad an chreat-chomhaontaithe: The duration of the framework agreement is a total of five years, as a longer period is necessary due to new suppliers investment costs as the contract assumes that the tenderer has the machinery and equipment necessary for the execution of the work. The investment costs for suppliers who do not already have the equipment available are potentially large, and a longer contract period can contribute to increased competition and options for new suppliers to participate.
