Teideal: Competition for the procurement of external resources for the coordination project

Cur síos: The objective of the procurement is to enter into a contract for the delivery of external professional and methodic assistance for the Coordination Project in DFØ. The coordination project shall map and analyse coordination possibilities across DFØ's divisions and propose a prioritised list of relevant measures. The project will be carried out in three phases. Phase 2 (The current situation, June - November 2026) is the core delivery. The contract also includes an option for phase 3 (Vision and concepts, November 2026 - February 2027) and phase 4 (Gap-analyses and action plan, March-June 2027). The coordination project is a transverse project in DFØ that shall strengthen the co-ordination across the entity. The project is anchored in DFØ's business strategy 2025-2030 and the activity plan 2026, and the project's mandate has been decided in the management group. The aim is to increase DFØ's strategic scope of action by exploring and assessing how the entity is organised and how the resources are utilised across the divisions.
