These services are provided partly through separate health companies and partly through contracts with private tenderers for specialist health services. Helse Vest would like to enter into a contract for services within ENT and vascular surgery from a private tenderer. Helse Vest undertakes this procurement primarily to relieve Helse Stavanger HF and reduce the accumulated waiting times in the health company. The enquiry is therefore primarily for patients residing in the western health region. The services shall be carried out in the tenderer's premises, and the premises shall be in Stavanger. Tenders with different delivery locations will be rejected. The basis for the location is consideration for patients and a short travel route.
