Roghanna:

Cur síos ar na roghanna: Option 1 - Landfill at Drivenes Vennesla municipality has applied to the Government Manager for the establishment of a landfill site at Drivenes. If a licence is available before the contract is initiated, the contracting authority can, at its sole discretion, provide the landfill as a reception place for surplus masses. The use of the landfill shall be priced as an option and it will be clarified if relevant. Emphasis is put on the fact that it is considered highly unlikely that the contracting authority will utilise the option. Option 2 - OPI channels for BULK An option price shall be given for the establishment of OPI channels for BULK in road 60020, see the ditch section GS07, drawing RIE-E-40-01. Option 3 - Re-vegetation on property 24/36 A price shall be given for the revegetation of property 24/36, from profile 1425 to 1850, veg 60010. The contracting authority draws attention to the fact that at the current time there is a high probability that the option will apply. Option 4 - Expansion of the trench cross section. An option price shall be given for the expansion of the trench cross section for any district heating along roads 60010 and 60011. At the present time it is highly unlikely that the contracting authority will use the option.

5.1.10. Critéir dhámhachtana

Critéar:

Cineál: Praghas

Ainm: Price

Cur síos: Documentation: Completed quantity description with unit prices. The attached price form (annex 05) shall be completed completely. The price form, corrected for any calculation errors, is evaluated on the basis of the stated hourly price multiplied by the estimated number of hours per trade category in accordance with the price form (annex 05). The mark-up percentage will be evaluated on the basis of the stated mark-up percentage multiplied by the estimated costs in accordance with the price form (annex 05). The contracting authority's assessment of the price effect of any reservations and deviations that do not lead to rejection will be based on the alternative that has the greatest financial consequence for the contracting authority. Emphasis is put on the fact that the estimated number of hours and costs is only to be understood as amounts of evaluation in order to compare the different tenders. In the evaluation of the price, the lowest tender price will get 10 points and twice the lowest tender price will get zero points. Other tender prices will be scaled linearly.
