#### 2.1. Nós imeachta

Teideal: Single-Party Framework Agreement for the implementation, maintenance and support of a Learning Experience Platform (LXP) and related services for the Institute of Public Administration.

Cur síos: The IPA proposes to engage in a competitive procedure for the establishment of a Single Party Framework for the implementation, maintenance and support of a Learning Experience Platform (LXP) and related services using the competitive procedure with negotiation. A cloud hosted (vendor or self-hosted) COTS solution for the Contracting Authority learning needs Implementation of the service(s), including migration of appropriate data and content from existing systems. Robust data governance and cyber security continuous monitoring and incident response. Training on the use of the LXP System End-to-end managed service for the hosting, licencing, maintenance, development and support of the Contracting Authority's learning experience platform Additional features and potential future enhancements. Any related Services deemed necessary to support the application over the life of the framework. It should be emphasised that the IPA reserves the right to establish the Framework and award the initial contract directly following receipt of initial tenders without recourse to negotiations with individual tenderers. The implementation of the LXP will be in phases with the initial phase focused on a smooth transition from the current OneLearning LMS. The deadline for the Go-Live of Phase 1 is 31 January 2027.

An cineál nós imeachta: Idirbheartaíocht lena mbaineann foilsiú roimh ré glao ar iomaíocht / iomaíocht lena mbaineann idirbheartaíocht

Tá an nós imeachta á bhrochtú: níl

Príomhghnéithe an nós imeachta: The Contracting Authority is employing the competitive procedure with negotiation for this procurement given the complexity and risk associated with the procurement in accordance with Art. 26 of Directive 2014/24/EU. The procedure involves a number of stages: Pre-Qualification Phase (this Phase) The Pre-Qualification Phase (this phase) will be used to short-list the number of potential candidates, depending on the quality of the responses received in response to this questionnaire. It is anticipated that five (5) firms will be invited to tender. Tender Stage Those invited to tender, will be issued with a

specification containing the minimum requirements, award criteria and pricing documents and invited to submit tenders. The Contracting Authority will evaluate those tenders against the award criteria and reserves the right to: 1) Move straight to establish the framework and contract award decision, without negotiation; 2) To apply the successive reduction rule to reduce the number of firms invited to the negotiation phase; or 3) To invite all firms to negotiation meetings. The Negotiation Stage Where an invitation to attend a negotiation meeting is issued, it should be noted that all aspects of the tender submitted may be discussed, including costs. Those tenderers will subsequently be accorded an opportunity to submit a Best and Final Offer (BAFO), which will be assessed against the award criteria. It should be emphasised that the Contracting Authority reserves the right to establish the Framework and award the initial contract directly following receipt of initial tenders without recourse to negotiations with individual tenderers. It should also be noted that the Contracting Authority reserves the right to employ a negotiation stage for the award of any contract under the framework agreement.

An t-uaslíon rannpháirtithe: 1

An bonn cirt atá le fad an chreat-chomhaontaithe: The embedded and strategic nature of the Contracting Authority Enterprise Infrastructure and associated services amounts to a core enterprise system serving the broader public service and to replace and transition from such a system in a shorter period would cause significant disruption to the workings of the Contracting Authority and the delivery of services. The financial cost for the Contracting Authority in procuring the services will amount to a significant investment and this investment could not be optimised and the necessary return achieved if the services were required for a shorter period and would ultimately not deliver value for money on behalf of the taxpayer.
