2.1. Nós imeachta

Teideal: Open procedure regarding contract for cleaning services

Cur síos: The Danish, Finnish, Icelandic, Norwegian and Swedish Embassy in Berlin (the contracting authority) are looking for a supplier to provide cleaning services. The Nordic Embassies in Berlin are a joint representation of the five Nordic countries — Denmark, Finland, Iceland, Norway, and Sweden. They represent the diplomatic interests of these countries in Germany and promote bilateral cooperation in the fields of politics, business, culture, and science. The Nordic Embassies were opened in their current form in 1999. They operate under the leadership of the respective ambassadors of the participating countries and

form an important part of Berlin's diplomatic landscape. The Nordic Embassies complex, consisting of five individual embassy buildings and the shared "Felleshus" building, symbolizes the close cooperation among the Nordic states while preserving their respective national identities. The Felleshus serves as a public venue and platform for cultural and scientific exchange projects that strengthen dialogue between the Nordic countries and Germany. The Nordic Embassies are guided by the principle of sustainability and are committed to promoting innovation and environmentally friendly projects. The cleaning services shall be delivered in the Danish, Icelandic, Norwegian and Swedish building and the Felleshus. The buildings cover a total area of approximately 3,285 m² and 2,400 m² of underground parking space. Finland is only part of the procurement because of the Felleshus and cleaning of the Finnish Embassy is not part of the Contract. The Contract concerns delivery of regular cleaning, deep cleaning, internal glass cleaning, special cleaning and ad-hoc cleaning. It is a requirement that the certain key tasks, regular cleaning and deep cleaning, cf. annex 1.2, are performed by the successful tenderer itself. The contracting authority will hold an information meeting and an inspection of the place of performance for potential tenderers. For more information see the tender conditions section 3.4 (Information meeting and Inspection).

The contracting authority may only exclude a tenderer, if the contracting authority has informed the concerned tenderer that it is subject to a ground for exclusion and if the tenderer has not within an appropriate time limit provided sufficient documentation of its reliability, or if the provided documentation is not considered sufficient to document reliability. For information on what constitutes sufficient documentation, see section 138(3) of the Danish Public Procurement Act. Eagraíocht athbhreithniúcháin: The Danish Complaints Board for Public Procurement

Eolas faoi spriocdhátaí athbhreithnithe: Pursuant to Consolidated Act no. 593 of 2 June 2016 on the Complaints Board for Public Procurement as amended, the following time limits apply to the filing of requests for a review procedure: Complaints about procurement procedures or decisions falling within Part II of the Danish Public Procurement Act which are not covered by subsection 1 of the Act, must, according to section 7(2) of the Act, be filed with the Danish Complaints Board for Public Procurement within: (1) 45 calendar days of the contracting authority having published a notice in the Official Journal of the European Union to the effect that the contracting authority has entered into a contract. The time limit is calculated from the date after the date when the notice was published; (2) 30 calendar days, calculated from the date after the date when the contracting authority notified the affected tenderers that a contract based on a framework agreement with reopening of competition or a dynamic purchasing system has been entered into, if the notification contained a statement of the reasons for the decision. (3) six months of the contracting authority having entered into a framework agreement, counted from the date after the date when the contracting authority notified the affected candidates and tenderers, see section 2(2) of the Act, or section 171(4) of the Danish Public Procurement Act. (4) 20 calendar days calculated from the date after the contracting authority has announced its decision, see section 185(2), second sentence, of the Danish Public Procurement Act. If a contracting authority has complied with the procedure outlined in section 4 of the Act to ensure that a contract is not declared ineffective, see section 7(3) of the Act, an application for a review of whether the contracting authority has entered into a contract in contravention of the Public Procurement Directive without prior publication of a contract notice in the Official Journal of the European Union must be filed with the Danish Complaints Board for Public Procurement within 30 calendar days calculated from the date after the date when the contracting authority has published a notice in the Official Journal of the European Union stating that the contracting authority has entered into a contract, provided that the notice contains the reasons for the contracting authority's decision to award the contract without prior publication of a contract notice in the Official Journal of the European Union. Not later than on the date of the filing of an application for a review procedure with the Danish Complaints Board for Public Procurement, the applicant must notify the contracting authority in writing that an application for a review procedure has been filed with the Danish Complaints Board for Public Procurement, see section 6(4) of the Act. Furthermore, the contracting authority must be informed of whether the application for a review procedure has been filed in the stand-still period, see section 3(1) or (2) of the Act, or during the period of 10 calendar days laid down in section 4(1)(ii). In cases where the application for a review procedure has not been filed in the above-mentioned periods, the applicant must also state whether the applicant has applied for

a stay pending the outcome of the review procedure, see section 12(1) of the Act. The Danish Complaints Board for Public Procurement's own review procedure guidelines are available on www.klfu.dk.
