Postupak je ubrzan: ne

Glavna obilježja postupka: After receipt of initial tenders, the contracting entity will conduct individual negotiation meetings with all tenderers who have submitted an initial tender within the deadline stated. The negotiations will be conducted in accordance with the principle of equal treatment, and all tenderers will be given the same amount of time for negotiations with the contracting entity. Successive stages are not used in order to limit the number of tenders to be negotiated. After the negotiations, the contracting entity may choose to issue revised tender documents for further initial or final tenders. The tenderers will be informed thereof at the same time with an invitation to submit an initial or final tender. The contracting entity reserves the right to award the agreement on the basis of the first initial tender. The contracting entity will not pay a participation fee to the tenderers who participate in the entire tender procedure and who submit a final, compliant tender. For further information on the process of the negotiations, reference is made to the tender specifications cf. appendix c. after signing of the Contract, the Supplier shall delivery and installed the Ticket Vending Machines, cf. the Contract and its Appendices, from the beginning of 2027 and with last Ticket Vending Machine having been installed at the Station no later than November 2028, cf. Appendix 3.b.

2.1.4. Opće informacije

Dodatne informacije: The contracting entity may choose to award the contract on the basis of the initial tender. If the contracting entity awards the contract on the basis of the initial tender, reservations in the initial tender will be dealt with in the same way as reservations in the final tender, see paragraph 6.2 in Appendix B. In such cases, the provisions regarding reservations in the initial tenders as stated in paragraph 5.2 in Appendix B will not apply. The tenderer is therefore advised not to make reservations in the first initial tender, since such reservations may cause the tender to be non-compliant if the contracting entity decides to award the contract on the basis of the first initial tender. The contract is not divided into lots, as it is not considered appropriate for reasons of scope, economy and duration, see Appendix B for additional information. Participation in the tender can only take place electronically via the contracting authority's electronic procurement system. In order to gain access to the tender documents, the applicant must be registered or register as a user. If the application/offer contains several versions of the same document, the most recent uploaded version will be the

valid one. All communication related to the procurement procedure, including questions and answers, must be made via the electronic procurement system. The contracting authority would like questions regarding the prequalification to be asked no later than the 17th of April at 10.00 in the morning. Questions asked after this date will be answered if they are received in time to enable the contracting authority to obtain the necessary information and provide the answers no later than six days before the application deadline. Questions received later than 6 days before the deadline cannot be expected to be answered. Interested parties are asked to stay informed via the electronic tendering system. If you experience problems with the system, support can be contacted by email, dksupport@eu-supply.com, or on their phone. As an application, the applicant must submit an ESPD as a preliminary proof of the matters mentioned in section 148(1)(1)-(3) of the Public Procurement Act, cf. section 11 of the Executive Order on the Procedures for Entering into Contracts in the Water and Energy Supply, Transport and Postal Services. It is not necessary for the applicant to sign their ESPD document. In the case of an association of undertakings (e.g. a consortium), a separate ESPD must be submitted for each of the participating economic operators. If the applicant is an association, each participant's ESPD document must be signed by the participant in question. It is not necessary for the lead applicant submitting the application to sign his ESPD document. Where the applicant relies on the capabilities of other entities, an ESPD must be submitted for each of the entities on which it is based, and the ESPD document must be signed by the supporting entity. The applicant must also submit a statement of support in which the entity(s) on which the applicant relies declares that it is jointly and severally liable with the applicant if the latter is awarded the contract. The template appears as an appendix to the tender specifications. The applicant will be excluded from participation in the procurement procedure if the applicant is covered by the mandatory grounds for exclusion mentioned in sections 134a, 135, 136 and 137(1)(2) of the Public Procurement Act, cf. section 10(1)(1) of the Executive Order on the Procedures for Entering into Contracts in the Water, Energy Supply, Transport and Postal Services Act, unless the applicant has provided sufficient documentation that: that this is reliable in accordance with section 138 of the Public Procurement Act, cf. section 10(1)(2) of the Executive Order on Public Procurement. Before the award decision, the tenderer to whom the contracting authority intends to award the contract must submit documentation of the information provided in the ESPD in accordance with sections 151 and 152(3) of the Public Procurement Act, cf. section 11 of the Implementation Order. The tenderer must also submit a completed and signed declaration of Russian involvement, cf. Tender Appendix H. If the tenderer bases itself on supporting entities, each supporting entity must also submit the declaration. If the tenderer is a consortium, all consortium members must submit the declaration. The contracting entity must also exclude economic operators that are subject to EU sanctions pursuant to EU Regulation No. 833/2014 as amended, Article 5k. In the event of changes in the composition of the tenderer, the rules in section 147 of the Public Procurement Act apply in their entirety. It should be noted that the estimated contract value is an estimate of the expected contract sum for the full term of the contract, including the price of all options. The estimate is based on an estimate of the total contract sum for the full contract term, including the price of all options, based on the expected number of new ticket vending machines (approx. 350–400 units) as well as the associated services for delivery, installation, testing, commissioning, operation, maintenance and further development throughout the contract period. An orientation meeting will be held via MS teams, the meeting will take place on the Tuesday on 14th of April 2026 in the hours between 12.30 – 14.00. For the sake of practical planning of the meeting, interested parties are asked to register no later than 5 days before the meeting, stating the company affiliation and the number of participants via the electronic tendering system. The contracting authority can reduce the number of participants per company. The contracting authority will prepare a short

summary of the information meeting, which will be published via the procurement system, which will be communicated to all applicants participating in the tender. It should be noted that each applicant may submit only one application for prequalification. The contracting entity may request applicants/tenderers to supplement, clarify or complete the application/tender pursuant to Article 76(4) of the Utilities Directive if the applications or tenders do not meet the formal requirements of the tender documents. For information on the negotiation process, please refer to the tender specifications. The contracting authority reserves the right to award on the basis of the initial offer.

Na kriterijima će se temeljiti odabir natjecatelja koji će biti pozvani u drugu fazu postupka
Minimalni broj bodova: 1,5

Kriterij: Reference na određene isporuke

Opis kriterija odabira: The candidate must submit the ESPD with the following information: A list of the five (5) most significant comparable services that the candidate has carried out in the latest five (5) years before the expire of the deadline for application. Only references relating to services carried out at the time of the deadline for application will be given importance in the evaluation. Hence in the case of an ongoing task, only the part of the services already performed at the time of the deadline for application will be included in the evaluation of the reference. Each reference is requested to include a brief description of the deliveries made. The description of the delivery should include a clear description of the services to which the delivery relates and the candidate's role(s) in the performance of the delivery. The reference is furthermore requested to include the financial value of the delivery

(amount), the date of delivery and the name of the customer (recipient). When indicating the date of the delivery, the candidate is requested to indicate the date of commencement and finalisation of the delivery. If this is not possible, for example if the tasks were performed on a continuous basis under a framework agreement, the candidate is asked to indicate how the date is specified. No more than five (5) references may be stated, irrespective of whether the candidate is a single operator, whether the candidate relies on the technical capacity of other entities, or is a group of operators (e.g. a consortium). Where more than five (5) references are stated, only the most recent five (5) references will be taken into account. Any additional references will be disregarded. If it not possible to decide which references are the most recent five (5) references, the references will be selected by drawing lots. In this procedure, the candidate may rely on the technical capacity of other operators to fulfil the suitability requirements. The operator(s) making its/their technical capacity available to the candidate must sign a letter of commitment, see further in the tender specifications. The form is enclosed as an attachment to the tender specifications. If the candidate relies on the professional experience of other entities for the performance of specific parts of the services comprised by the contract, such specific parts of the services under the contract must be performed by the entity on which the candidate relies. The ESPD serves as provisional documentation. Before the award decision is made, the candidate to whom the contracting entity intends to award the contract must submit documentation that the information stated in the ESPD is accurate. No additional documentation of technical and professional capacity will be required from the candidate. However, the contracting entity reserves the right to contact the candidate or the customer stated in the reference for verification of the information stated in the reference, including the dates of the reference indicated. Criteria for selection among the suitable candidates.
