Interna identifikacijska oznaka: 627569

Vrsta postupka: Pregovarački s prethodnom objavom poziva na nadmetanje / natjecateljski uz pregovore

Postupak je ubrzan: da

Obrazloženje ubrzanog postupka: The previous similar procurement procedure has been suspended on duly justified grounds, notwithstanding that the procurement was commenced sufficiently in advance and carefully prepared, including of a market consultation phase. Considering the critical timetable associated with the procurement, restarting the process under ordinary procedural time limits would result in delays that are incompatible with the

operational needs of the Contracting Entity. Such delays would not only affect the procurement itself but would also postpone a number of dependent activities and projects, creating a cumulative and disproportionate impact across the Contracting Entity's operations.

Glavna obilježja postupka: The procurement will take place in compliance with the Act on Public Procurement and Concession Contracts (also "Procurement Act", 1397/2016). The negotiated procedure is used in the procurement because the contract cannot be awarded without prior negotiations due to: 1) the needs of the Contracting Entity cannot be met without adapting existing solutions; 2) the procurement includes design or innovative solutions; and 3) the procurement has specific circumstances related to its nature, complexity, legal and financial form, and because of the risks pertaining thereto. (Procurement Act, Sections 34-35). The negotiated procedure is used, since the procurement involves planning, complexity, and for specific reasons related to its nature and legal aspects, and because of the risks involved, no agreement can be concluded without prior negotiations.

PROCESSING OF REQUESTS TO PARTICIPATE Contracting Entity 1. Opens the requests to participate 2. Reviews the candidates' responses regarding suitability 3. Selects the tenderers

PROCESSING OF PRELIMINARY TENDERS AND NEGOTIATIONS Contracting Entity 1. Opens the tenders 2. Reviews the tenderers' responses regarding suitability 3. Reviews the content of the preliminary tenders 4. Conducts negotiations with selected tenderers

PROCESSING OF FINAL TENDERS (defined in the Invitation to Tender) Partial tenders are not permitted, as this is a comprehensive procurement in which dividing the agreement into smaller lots would not be reasonable from the perspective of supplier liability nor administratively reasonable for the Contracting Entity. Alternative or parallel tenders are not permitted. The indicated procurement volumes are estimates only and shall not constitute any binding purchase obligation for the Contracting Entity or grant the selected Supplier an exclusive right to provide the object of the agreement. The Contracting Entity may wholly or partially interrupt the procurement procedure for legitimate and justifiable reason. The documents of the procurement are available in English. Should the tenderer wish to obtain the tender documents in another language, he must himself arrange for their translation and bear the costs thus incurred. The language used in the negotiations is English. In case agreed, Finnish can be used. No compensation will be paid to companies for preparation a request to participate, a preliminary tender and a final tender, presentation or otherwise taking part in the procedure. The Contracting Entity has utilized PTCServices Oy. The experts of the company mentioned are unable to act as candidate's or tenderer's advisor during the procedure
