Categoria del criterio di aggiudicazione valore fisso: Valore fisso (totale)

Criterio di aggiudicazione: numero: 100

Descrizione del metodo da utilizzare se la ponderazione non può essere espressa da criteri:

Participants will get points based on concept value for money. Points will be awarded as a function of proposed technical parameters and offered price. Each increase in Round Trip Efficiency will add points. One percent of RTE efficiency increase corresponds to revenues in the NPV calculation equal to 213k EUR per year, over a time period of 25 years. RTE efficiency increase will be automatically calculated based on inputs of expected weighted efficiency of motor generators TG1&TG2 by Participant. Each increase of offered price will lower points obtained. Participants will have to offer only solution within the range of required technical parameters and offered price. The ranking of Participants will be set based on the highest number of received points.
