2.1.4. Informazioni generali

Informazioni supplementari: Guide to Procurement (GtP) for projects financed by the EIB from March 2024 (<https://www.eib.org/en/publications/20240132-guide-to-procurement-for-projects-financed-by-the-eib>) is applied to this tender, while tender document templates are from the PRAG (Practical Guide for Procurement and Grants for European Union external actions – January 2025). Participation is open to all-natural persons and firms (participating either individually or in a grouping - consortium - of tenderers) originating from all countries of the world. All eligible natural and legal persons or groupings of such persons (consortia) may apply. A consortium may be a permanent, legally established grouping or a grouping which has been constituted informally for a specific tender procedure. All partners of a consortium (i. e., the leader and all other partners) are jointly and severally liable to the Contracting Authority (CA). The participation of an ineligible natural/legal person will result in the automatic exclusion of that person. If that ineligible person belongs to a consortium, the whole consortium will be excluded. Only one application or tender can be submitted by a person whatever the form of participation (as an individual legal entity or as leader or partner of a consortium submitting an application/tender). If a natural or legal person submits more than one application or tender, all applications or tenders in which that person has participated will be excluded. Further information related to the submission of application is given below.

Grounds for exclusion: As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.4.2.1. of the PRAG (January 2025), as well as in the GtP (July 2024) for projects financed by the EIB (<https://www.eib.org/en/publications/20240132-guide-to-procurement-for-projects-financed-by-the-eib>), Section 1.4 (Ethical Conduct), Section 1.5 (Conflict of Interest), Section 1.7 (mandatory compliance with EIB's E&S safeguards) and Section 3.6 (Prohibited Conduct – Covenant of Integrity (Col) – template available in EIB GtP, Annex 3), Anti-fraud policy of the EIB (<https://www.eib.org/en/publications/anti-fraud-policy>) and Section 3.8 E&S Covenant (template is available in EIB GtP, Annex 6). It should be noted that, in the Covenant of Integrity, the tenderer is requested to self-declare on its behalf and on behalf of its joint venture partners, if any, that neither the tenderer nor anyone, including any of its directors, employees, agents or subcontractors for the Contract, acting on its behalf with due authority or with its knowledge or consent or facilitated by it, nor any or its parent, subsidiary or affiliate companies are subject to any of the instances detailed in the Covenant of Integrity: (i) Any Prohibited Conduct in connection with the tendering process and the commitment that neither the Bidder nor the Associated Entities and Persons will engage in such Prohibited Conduct during the execution of the Contract. Prohibited Conduct includes corruption, fraud, collusion, coercion, obstruction, theft at EIB Group premises, misuse of EIB Group resources or assets, money laundering or financing of terrorism, all as defined in the EIB Group Anti-Fraud Policy, available at <https://www.eib.org/en/publications/anti-fraud-policy> and as amended from time to time; (ii) EU/United Nations sanctions: EU sanctions or restrictive measures pursuant to Chapter 2 of Title V of the EU Treaty and the objectives of the Common Foreign and Security Policy set out in Article 21 of the EU Treaty and Article 215 of the Treaty on the Functioning of the EU, either autonomously or pursuant to the sanctions decided by the United Nations Security Council on the basis of Article 41 of the United Nations Charter; (iii) Any exclusion by the European Investment Bank; (iv) Any conviction in any court or any sanctions (including a fine or any other financial penalty, irrespective of whether paid yet or not) by any authority (irrespective of whether such conviction or sanctions is still in force) of any offence on grounds comparable to Prohibited Conduct in connection with a tendering process or any provision of works, goods or services, during the 5 (five) years immediately preceding the date of this Covenant; (v) Any exclusion or enforcement actions or sanction (including any decision having an effect similar to conditional

non-exclusion, temporary suspension, letters of reprimand, or self-restraint) by the EU institutions or bodies, or any multilateral development bank, on grounds comparable to Prohibited Conduct, or have been under such exclusion, enforcement action or sanction the effectiveness of which ceased no more than 5 (five) years immediately preceding the date of this Covenant. Multilateral development bank includes the World Bank Group, the African Development Bank, the Asian Development Bank, the European Bank for Reconstruction and Development, the European Investment Bank and the Inter-American Development Bank. If applicable, the Bidder shall provide the details of all convictions, exclusions or other sanctions, exclusions/sanctions proceedings, and/or enforcement actions, listed above under paragraphs (i) to (v), in respect of the bidder or any of its directors, employees, agents or subcontractors for the Contract, acting on its behalf with due authority or with its knowledge or consent or facilitated by it, together with details of the measures taken, or to be taken, to ensure that no Prohibited Conduct is committed in connection with the tendering process or with the execution of the Contract. In this regard, any omission or misrepresentation, made knowingly or recklessly, may be considered as fraud under the EIB Anti-Fraud Policy. Therefore, the Client/Employer reserves the right to reject any offer presenting an inaccurate or incomplete Covenant of Integrity and may cause the rejection of the offer for prohibited conduct. Pursuant to its Sanctions Policy, the Bank shall not provide finance, directly or indirectly, to or for the benefit of an individual or entity that is subject to financial sanctions imposed by the EU, either autonomously or pursuant to the financial sanctions decided by the United Nations Security Council on the basis of article 41 of the UN Charter.
