#### 2.1. Procedura

Titolo: EST- EEA - 005-2026 - Agreement on residential and service offers for 2 male users.

Descrizione: The Social Services Department is responsible for individual services for persons with substance abuse problems, including health and care services in accordance with the Patient and User Rights Act § 2-1a, cf. The Health and Care Services Act § 3-2, 6th section letter b, and shall offer residential and service offers to two male users with ROP-disorder. The purpose of the service offer is to ensure proper health and care services through a residential offer that facilitates a safe, predictable and worthy everyday life with a high quality of life. The services shall be based on an environmental therapeutic approach with an emphasis on care, clear communication, structure and regulation of behaviour. Tenders shall be procured with 24 hour health and care services for both users. User B has a long term pairing and the tender must therefore also include housing for the person concerned's partner. If the residential and service offer to one of the users ceases during the contract period, the municipality must have the possibility to let another user within the same target group (persons with drugs and/or ROP disorder) take over the place. Further terms for this will be agreed between the contracting authority and the tenderer.

Identificativo interno: 2026/224420

Tipo di procedura: Aperta

Caratteristiche principali della procedura: Bergen municipality shall procure a co-localised residential and service offer with 24 hour health and welfare services for two adult men with extensive drug and mental health challenges (ROP-disorders). The tender shall provide security, structure, care and follow-up through an environmental therapeutic approach, with the aim of ensuring worthy everyday life and the best possible quality of life. Both users have significant health, function and follow-up needs, and it has been assessed that they need 24 hour staffed housing with close facilitation and assistance in everyday life. One user shall be able to live with his partner. The housing system shall consist of two separate residential units with separate entrance, at the same time that the services can be organised with joint personnel and personnel facilities. Tenderers shall offer individually adapted services, including support for daily tasks, health care, drug handling, activity, coordination with auxiliary apparatuses and handling challenging behaviours. High competence within drugs, mental health, environmental therapy, handling violence and aggression is a central requirement. The

procurement also includes requirements for suitable housing, manpower, reporting, management and quality assurance. The tenders will be assessed on the quality of the services, the competence of key personnel, the ability to ensure stable manpower, the suitability of the accommodation as well as price. See the attached assignment description for a detailed description of the users' needs, requirements for the service delivery, housing, manpower and award criteria.

Such a certificate shall not be issued more than six months before the tender deadline

Criterio: Altri requisiti economici o finanziari

Descrizione del criterio di selezione: Regarding any other economic and financial requirements that have been stated in the notice or in the procurement documents, the tenderer declares that: Minimum qualification requirements Regarding any other economic and financial requirements that have been stated in the notice or in the procurement documents, the tenderer declares that: Description of the requirement/documentation: The tenderer has sufficient economic and financial capacity to fulfil the contract. The required financial capacity will be assessed in relation to the contract's value, benefits, risk and duration. All the received and any obtained information will form the basis for an overall assessment of whether the qualification requirement is fulfilled. Documentation requirement: The contracting authority will check a credit rating carried out by the credit company Creditsafe. Tenderers do not need to enclose their credit rating. Newly established tenderers can submit a bank statement as proof of credit worthiness. Foreign companies: The contracting authority will check the tenderer's financial situation from Creditsafe (<https://www.creditsafe.com>). If the tenderer is not registered in Creditsafe's registers, the company's last two auditor approved annual accounts shall be submitted upon request. If information in the above sources is not correct or supplementary information is needed to highlight the company's economic and financial situation, this can be provided.

Criterio: Riferenze su servizi specifici

Descrizione del criterio di selezione: Only for services: In the reference period, the tenderer has carried out the following important goods deliveries of the requested type, or the following important services of the requested type. The contracting authority can require up to three years experience and allow experience from the previous three years to be taken into consideration. Minimum qualification requirements The tenderer is required to have experience from assignments of equivalent complexity and scope to the assignment in question. The tenderer's experience must be verified by the contracting authority. A minimum of three relevant reference assignments must therefore be given that the tenderer has carried out. The reference assignments shall not be older than five years from the tender deadline. For each reference assignment, the following information must be provided: Description of the assignment, including duration, time period and extent. The contracting authority's name as well as contact information (telephone number and email address). The contracting authority reserves the right to contact the provided references in order to verify the tenderer's experience and implementation ability.

Criterio: Tecnici o organismi tecnici per il controllo della qualità

Descrizione del criterio di selezione: Tenderers can use the following technical personnel or technical units, particularly those who are responsible for quality control: For technical personnel or technical units that do not directly belong to the tenderer's business, but if the capacity the tenderer will use, cf. part II, section C, separate ESPD forms shall be supplemented. Minimum qualification requirements Tenderers are required to have sufficient technical resources and the capacity to carry out the assignment in accordance with the contracting authority's needs. Documentation: Tenderers shall enclose an overview of

personnel with technical/professional competence that are relevant for the execution of this delivery. The overview shall include the person's professional qualifications, experience and how the person is intended to be used in the relevant delivery. All resources stated shall have sufficient capacity in the contract period to be able to be used as described.

Criterio: Misure per garantire la qualità

Descrizione del criterio di selezione: The tenderer utilises the following technical facilities and quality assurance measures and the tenderer's survey and research facility is as follows: Minimum qualification requirements The contracting authority requires that all tenderers have implemented a quality management system that is satisfactory to ensure the quality of execution in this contract. Documentation requirement: Description of the company's implemented quality management system. A certificate shall be submitted for the company's quality management system issued by independent bodies that confirm that the company fulfils certain quality management standards, for example ISO 9001. If the company does not have such certificate, other documentation of the company's quality management system shall be provided. In such cases as a minimum the following shall be submitted: + the system's name and detailed table of contents + general description of the contents of the system, including an overview of control plans and check-lists that are relevant for this contract + organisation chart showing the responsibilities in the quality management system + description of routines for internal control and handling of deviations (work with corrective and preventive measures) + a description of how the system will be used to ensure the quality of this contract. All received or obtained documentation will form the basis for an overall assessment of whether the qualification requirement is fulfilled.

Criterio: Titoli di studio e qualifiche professionali pertinenti

Descrizione del criterio di selezione: The following education and professional qualifications are possessed by the tenderer and/or (depending on the requirements set in the notice or in the procurement documents) of the leading employees: Minimum qualification requirements Tenderers shall have sufficient competence and professional qualifications to manage and quality assure the delivery. Documentation: Tenderers shall enclose an overview of what experience and professional qualifications have in the management group and/or key personnel who will be responsible for the delivery.

Criterio: Certificati rilasciati da organi indipendenti riguardanti standard di assicurazione della qualità

Descrizione del criterio di selezione: Can tenderers submit certificates issued by independent bodies that document that the tenderer fulfils the stated quality assurance standards, including universal design requirements? Minimum qualification requirements The contracting authority requires that all tenderers have implemented a certified quality management system that is satisfactory to ensure the quality of the execution of this contract. Documentation requirement: Certificate issued by an independent body that is certified for certification. The certificate must confirm that the tenderer's quality management system complies with requirements in a relevant European standard, for example ISO 9001. If a tenderer does not have such a certificate, the tenderer must provide other documentation for quality assurance measures that are equivalent to a relevant European quality assurance standard. Tenderers must also document that the measures are equivalent to those required in accordance with such quality assurance standard.

Criterio: Certificati rilasciati da organi indipendenti riguardanti sistemi o standard di gestione ambientale

Descrizione del criterio di selezione: Is the tenderer able to submit certificates issued by independent bodies as documentation that the tenderer fulfils the stated environmental management systems or standards? Minimum qualification requirements The contracting authority requires that all tenderers have implemented procedures and systems, certified by independent third parties, that ensure that the execution of this contract has a low impact on the environment. Documentation requirement: Certificate issued by an independent body that is certified for certification. The certificate must confirm that the tenderer's environmental management system complies with requirements in a relevant standard. Documentation is required that the tenderer either has an Eco-lighthouse certificate, is EMAS certified, is certified in accordance with ISO 14001, or have a valid certificate from other relevant environmental management schemes or standards. If a tenderer does not have such a certificate, the tenderer must provide other documentation for environmental management measures that are equivalent to a relevant environmental management scheme or standard. Tenderers must also document that the measures are equivalent to those required in accordance with such an environmental management scheme or standard. Tenderers who are qualified on the basis of other documentation for environmental management measures than the third-party certification that is awarded the contract, will be obliged to carry out third-party certification of their environmental management system. This is further described in the contractual requirements that are included in the annex for changes to the standard contract.
