If a contracting authority has complied with the procedure outlined in section 4 of the Act to ensure that a contract is not declared ineffective, see section 7(3) of the Act, an application for a review of whether the contracting authority has entered into a contract in contravention of the Public Procurement Directive without prior publication of a contract notice in the Official Journal of the European Union must be filed with the Danish Complaints Board for Public Procurement within 30 calendar days calculated from the date after the date when the contracting authority has published a notice in the Official Journal of the European Union stating that the contracting authority has entered into a contract, provided that the notice contains the reasons for the contracting authority's decision to award the contract without prior publication of a contract notice in the Official Journal of the European Union.
