II.2.4. Pirkimo aprašymas

The objective of the framework agreement is to support the contracting authorities' ability to manage and reduce waiting lists by purchasing additional activity from providers of required services. It is for contracting authorities to determine which specialties they wish to purchase based on local need. The intention is that a framework agreement will be entered into by NHS England on behalf of all contracting authorities with each provider assessed as capable through this procurement process (a 'Provider'). Once the framework agreement has been set up, contracts based upon the NHS Standard Contract or Sub-Contract may be placed by a contracting authority with any Provider holding a framework agreement covering the relevant services required by that contracting authority. It is the intention that in accordance with the framework agreement, each contracting authority, may enter into a separate NHS Standard Contract or Sub-Contract with any Provider, for the services.

Lot 1 invites bids to undertake clinical services at National and Local Prices.

Lot 2 invites bids to provide clinical facilities and related services for the contracting authorities to undertake clinical activity.

(Referred to from IV.1.11) — The services in scope of this procurement process are healthcare services which fall under 'social and other specific services' in Section 7 of the Public Contracts Regulations 2015 ('PCR'). In accordance with Regulation 76 PCR, the process is to set up a framework agreement and will follow a procedure similar to the open procedure. However, NHS England and the contracting authorities using the framework are only bound by the parts of the PCR that specifically apply to social and other specific services. For the avoidance of doubt, the rules that apply to the open procedure under Regulation 27 and framework agreements under Regulation 33 do not apply to this procurement. All providers that meet the minimum requirements set out under the procurement process will be appointed to the framework agreement. There will be no maximum number of providers appointed. Providers must be able to ensure their ability to begin service provision from the 20 November 2020, if required by any contracting authority. NHS England reserves the right to conduct any number of framework refreshes throughout the term of the framework agreement. A refresh will allow verification of existing providers' continuing ability to meet requirements and will also allow new entrants to be appointed to the framework agreement.
