2.1. Procedūra

Pavadinimas: Framework agreement for the procurement of trawl, trawling equipment and accompanying equipment.

Aprašymas: This is an open tender contest for a framework agreement for the procurement of complete trawlers and accompanying equipment. The delivery includes complete trawls, trawler equipment and accompanying equipment. The procurement is divided into two sub-contracts, sub-contract 1 includes bottom trawler and sub-contract 2 pelagic/floating trawls. The contracting authority will ensure that the share of procurements of accompanying equipment is distributed equally between both lots. The contracting authority's research capture uses two main types of trawl: bottom trawl and pelagic trawl/floating trawl. Table 1 below shows which trawls are used on the different vessels, as well as a description of the accompanying equipment. See also attached drawings for the different trawl types in annexes 6-25. It is important that the trawls are produced exactly in accordance with the specification, with the mask size, thread thickness and thread material as described. The freight cost shall always be included in the price offer on trawlers and trawler tools.
